December 20, 2024

County Board of Supervisors and Citizens Cerro Gordo County, Iowa

The annual comprehensive financial report (ACFR) for the County of Cerro Gordo, Iowa (the "County") for the fiscal year ended June 30, 2024, is hereby submitted in accordance with the provisions of Section 331.403 of the Code of Iowa.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability for all the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Gardiner + Company, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2024 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor issued an unmodified ("clean") opinion on the County's financial statements for the fiscal year ended June 30, 2024, indicating that they are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County's separately issued Single Audit Report.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. This letter of transmittal is designed to complement MD&A and should be read in conjunction with it.

Profile of Cerro Gordo County

Organized in 1855, Cerro Gordo County is governed by a three-member board, each board member elected by citizens in one of the three districts. Board members serve overlapping four-year terms, with elections held every two years. The Board is the legislative body of the County, which annually adopts a budget and establishes tax rates to support County programs. Other elected officials (Attorney, Auditor, Recorder, Sheriff, and Treasurer) and appointed department heads have the responsibility of administering these programs in accordance with the policies and the annual budget adopted by the Board of Supervisors.

The County provides a full range of services to its citizens. These services include public safety, parks, planning and zoning, construction and maintenance of secondary roads, physical health and social services, property assessment, taxation, and general administrative services. The County also provides an information technology department utilized by other governmental entities.

The Board of Supervisors is required to adopt a final budget by no later than April 30th for the fiscal year beginning the following July 1st. This annual budget serves as the foundation for the County's financial planning and control. The State of Iowa requires the adoption of an annual budget with total County operating expenditures listed by function area. Activities of the general fund, special revenue funds, capital projects funds, and the debt service fund are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the total function area.

Local Economy

Cerro Gordo County, with the Cities of Mason City, Clear Lake, and eight smaller cities, has the thirteenth largest population of ninety-nine counties in the state, and serves as a regional center for north central Iowa in the areas of commerce, industry, retail shopping, higher education, and health care services. The surrounding area has an economic base that is historically agricultural in nature, but Cerro Gordo County also has several strong industries and commercial enterprises. With a low rate of unemployment and the lack of a single, dominant employer, the economy of the area is generally dynamic, robust, and broad-based. The City of Mason City is the largest city in Cerro Gordo County, with about two-thirds of the County's 42,000-plus population. Tourism is an important industry in Cerro Gordo County, largely due to Clear Lake, which, at 3,865 acres, is the third largest natural lake in Iowa, and is the namesake of the surrounding city.

Although educational systems in the entire north central Iowa area are well known for their quality of education, Cerro Gordo County has become a regional center for higher learning. Located in Cerro Gordo County, North Iowa Area Community College (NIACC) has articulation agreements with Buena Vista University, Iowa State University, The University of Iowa, University of Northern Iowa, and Upper Iowa University. These articulation agreements allow for courses to articulate to the institution completely without concern for the AA, AS, and AAS. NIACC also has a joint admissions agreement with Waldorf University. This adds to the wide range of baccalaureate programs offered at NIACC by Buena Vista University of Storm Lake.

Cerro Gordo County serves as a regional hub for transportation with an airport, three railroad branch lines, Interstate 35, which runs north-south the length of the County, and the "Avenue of the Saints", the link between Interstates 35 and 80. The County is also a regional center for health care services, with the second highest number of primary care physicians per capita in the State, trailing only to Johnson County. MercyOne North Iowa Medical Center is a 342 bed regional referral teaching hospital with a service area that spans 15 counties across northern Iowa and southern Minnesota, serving a population over 260,000 people.

In general economic news for the fiscal year, the number of persons employed in the county went from 23,100 to 23,731, an increase of 2.7% from June 2023 to June 2024, according to figures from Iowa Workforce Development. With high land prices the agricultural economy of the area has been strong and stable. The City of Mason City's cost of living for 2023 was 88.5% of the national average, according to the cost-of-living index, ranking it the second lowest cost of living for all Iowa communities that participate in the index.

Major Initiatives

The Iowa Economic Development Authority created Destination Iowa to assist with funding new quality of life and expanded tourism opportunities throughout Iowa. The funding provides 40% of the total project cost and is available from the American Rescue Plan funds. To be approved for the grant, applicants need to demonstrate how their projects will be a draw to people from outside the community and/or outside of the state. Cerro Gordo County teamed up with the City of Mason City to apply for a \$4.7 million grant for the \$11.8 million Bike North Iowa project. The project would tie area bike trails together, along with updating a county campground and creating trailside amenities such as shelters, bouldering equipment, seating, and art and education installations. The City and County were awarded \$4.5 million in October 2022. The County's portion of the project totals \$1.5 million and the remaining \$10.3 million is the City's project. As of June 30, 2024, the County had completed two of their three projects: A multi-use trail along 235th street and electrical upgrades at Ingebretson Park campground.

The Prairie Land Trail is a 21-mile rails-to-trails project in Cerro Gordo County. The trail begins at 240th Street, the southwest edge of Mason City, to 100th Street, the southwest edge of Meservey, Iowa. The condition of the trail when received by Cerro Gordo County was the old railroad bed with the rails and ties removed. To date, Cerro Gordo County has converted 17 miles of the railroad bed to a crushed limestone biking and hiking trail at a cost of \$2,331,531. Funding for the construction to convert the railbed and bridges have come from several sources: Transportation Alternatives Program grants, Wellmark Foundation grants, Cerro Gordo County Department of Public Health, Cerro Gordo County Conservation, and Resource Enhancement and Protection (REAP). Phase 5 & 6 of the trail, a three-mile section connecting to Phase 4 was completed during FY23. The trail is now open from Thornton to Mason City, with another mile going south scheduled for completion in FY25. The remaining miles of the trail will be developed as additional funding sources become available.

Electrical upgrades from 30 to 50 Amp service was completed at both Ingebretson and Linn Grove campgrounds. The \$75,500 Ingebretson project was funded with a 40% Destination Iowa grant. The Linn Grove project cost \$220,000, with \$46,132 coming out of the Linn Grove park fund.

Construction of a new maintenance shop to serve as the operation hub for the County Conservation field staff is underway. The new 7,200 square foot building will feature 5 bays, office space, and a restroom. The low bid of \$1,150,700 submitted by Kingland Construction was approved by the Board of Supervisors in January 2024.

The tennis courts at Strand Park in Plymouth were resurfaced and striped for tennis and pickleball. New fencing and basketball hoops were also installed for a total project cost of \$73,000. Over half of the project was funded through grants and donations.

Other conservation projects include a new \$27,000 exhibit in the Lime Creek Nature Center that was funded by the Maxine Sanberg Fund. The water feature behind the Nature Center was replaced at a cost of \$17,500 and was funded by the Dorothy Curtis Trust. The pond at Lime Creek Conservation Area was enlarged and deepened by raising the dike and removing sediment. The total project cost was \$12,695, with 90% funded by a Iowa DNR fish Habitat Grant.

Fiscal year 2024 was an exciting and inspiring year for Cerro Gordo County Public Health. Collective efforts have advanced the mission and laid a foundation for a healthier tomorrow. Some highlights from this year include:

- We achieved Re-accrediation! Accredited health departments prove that they are diligent in determining their community's needs and serving those, that they are ready to respond to emergencies and are delivering services effectively and efficiently.
- Focus on Safe Housing: Our team has worked in three programs simultaneously to make housing
 in this county safer through lead abatement, installation of radon mitigation systems, healthy homes
 upgrades and improving neighborhoods. The work this team is doing will affect our economy and health
 for years to come.

- Grassroots Work: We continue to use the community members and organizations to guide our
 projects and programs. Work excelled in through the Opioid Settlement funding, community
 health improvement teams working on aging services, mental health and food access, and
 though the IMPACT Grant to put in place a childcare wage enhancement program.
- Childcare Solutions: Along with the community, CG Public Health has raised over \$1 million to launch a wage supplement program to boost childcare provider wages by \$2/hour. This drastically reduced childcare wait lists by 64 kids, and increased retention/recruitment of providers increased the pool by 44. Partner agency, NIACC launched a childcare ready certificate program at Mason City High School so these students are eligible for hire upon completion.
- Disease Prevention and Surveillance: Our team responded to more than 100 animal bites or exposures
 and several cases of reportable disease including Cryptosporidium, E.coli, Salmonella and Listeria.
 Thousands of vaccines were disseminated including those for measles, pertussis, and hepatitis along with
 influenza, COVID-19, and Meningococcal. School and child care center audits showed a decrease in
 children who had vaccines up-to-date in the fall. We continue to educate parents regarding the safety of
 vaccines and address their concerns.
- Sexually transmitted infections: These continue to remain high; our rapid testing program is proving to be beneficial for efficiency and client satisfaction so that our team can focus on screening clients who need more education. This year we conducted focus interviews to determine how to better reach those at-risk and focus on intervention.
- Positive Youth Development: Staff use a series of evidence-based curricula equipping students with knowledge and skills regarding sexual health and development. In addition, lessons around mental health, resiliency, substance misuse prevention, and addictions were developed and piloted by CG Public Health staff for students. Schools also requested that our team teach puberty classes.
- Safe water: Our team tested more than 200 private wells and found that arsenic, manganese and E.coli
 were present in some of these. Individuals who use private wells should have them tested regularly. Our
 team also provided funding to plug 12 wells, and issued 23 new private well permits. We also regulate
 private septic system installation and issued 25 permits. Both of these programs protect ground water.
- We have been diligent in securing grants with more than \$3 million awarded to be used over the next few
 years and will continue our work to look for alternate funding sources. No movement for regionalization
 or realignment of local public health took place during fiscal year 2024.

The Soils Groundwork project, a project to ensure the site of the new Mason City secondary roads maintenance shed was ready for construction, was bid out in March 2022. Yohnco was awarded the project for a cost of \$267,328. The Soils project was completed in September 2022 along with plans for the actual shed. The Mason City maintenance shed project was bid by five contractors in November 2022. Kingland Construction was awarded the project with a bid of \$2,870,000 and construction was completed in the fall of 2024. The new building increases efficiency and enhances the safety of the employees. The old Mason City maintenance shed will be demolished after any materials have been salvaged.

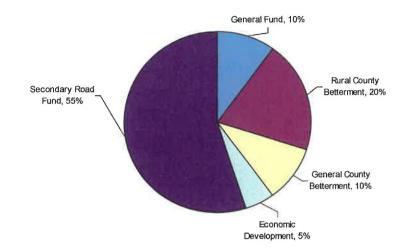

The County completed a variety of projects during the year. An extension to the sister prairie trail along B35 from Balsam Avenue to Dogwood Avenue was completed to enhance the safety of bike riders and pedestrians doing lake laps. A safety fund grant was received to re-align a portion of the curves on B20 just east of Highway 65. B43 was repaved from S56 to the Floyd County line. Additionally, a large culvert was replaced on Yarrow Avenue south of 320th Street.

Long-Term Financial Planning

The County is continuing to develop strategies for improving service, quality, and efficiency. The Board utilizes a long-term fiscal policy and continues its strategic planning process. The County's secondary road system is also being continually reviewed. The County Engineer has developed a long-range five-year plan addressing how much additional funding will be required to maintain the quality of the County's roads and bridges.

Relevant Financial Policies

It is Cerro Gordo County's policy to use its share of local option sales and service taxes in the following allocation:

In FY2024, Cerro Gordo County received a total of \$2,371,279 in local option sales and service taxes.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Cerro Gordo County, Iowa for its annual comprehensive financial report for the fiscal year ended June 30, 2023. This was the twenty-eighth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Report on a timely basis could not have been completed without the cooperation and services of the staffs of the Auditor's Office and the Treasurer's Office. Gratitude is also expressed to the independent auditors, Gardiner + Company, who provided endless support and assistance in preparing this report, and to the Cerro Gordo County Board of Supervisors for their interest and support.

Respectfully submitted,

Heather R. Mathre, CPA Finance Director

FINANCIAL SECTION

INDEPENDENT AUDITOR'S REPORT

To the Officials of Cerro Gordo County Mason City, Iowa

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Cerro Gordo County, Iowa's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of June 30, 2024, and the respective changes in financial position, and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Cerro Gordo County, Iowa, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Cerro Gordo County, Iowa's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and
 perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the
 amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the
 circumstances, but not for the purpose of expressing an opinion on the effectiveness of Cerro Gordo County, Iowa's internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Cerro Gordo County, Iowa's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, the Budgetary Comparison Information, the Schedule of the County's Proportionate Share of the Net Pension Liability (Asset), the Schedule of County Contributions and the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes on pages 12-21 and 63-73 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cerro Gordo County, Iowa's basic financial statements. We previously audited, in accordance with the standards referred to in the third paragraph of this report, the financial statements for the nine years ended June 30, 2023 (which are not presented herein) and expressed unmodified opinions on those financial statements. The introductory section, general fund schedules, combining and individual nonmajor fund financial statements, capital asset schedules, statistical section and the Schedule of Expenditures of Federal Awards, as required by Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The general fund schedules, combining and individual nonmajor fund financial statements and the Schedule of Expenditures of Federal Awards are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the general fund schedules, the combining and individual nonmajor fund financial statements and the Schedule of Expenditures of Federal Awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory section, capital asset schedules and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

Carelines + Company, P.C.

In accordance with Government Auditing Standards, we have also issued our report dated December 20, 2024, on our consideration of Cerro Gordo County, Iowa's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering Cerro Gordo County, Iowa's internal control over financial reporting and compliance.

Charles City, Iowa

December 20, 2024

MANAGEMENT'S DISCUSSION AND ANALYSIS

Cerro Gordo County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2024. We encourage readers to consider the information presented here in conjunction with additional information presented in the transmittal letter beginning on page 4, and the County's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- ♦ Cerro Gordo County governmental fund revenues increased 6.4% or \$2,439,967 from \$37,844,127 in fiscal year 2023 (FY23) to \$40,284,094 in fiscal year 2024 (FY24). Property taxes and other county taxes increased \$1,187,329, local option sales tax dollars increased \$176,865, intergovernmental revenues decreased \$510,091, charges for services increased \$447,260, use of money and property increased \$454,428, and miscellaneous revenues increased \$630,708 from FY23.
- ◆ Cerro Gordo County governmental fund expenditures for FY24 were \$41,171,851, an increase of \$2,563,604 from \$38,608,247 in FY23.
- ♦ The assets and deferred outflows of resources of the County exceeded the liabilities and deferred inflows of resources at fiscal year ended June 30, 2024 by \$95,436,980 (net position) compared to \$88,585,809 on June 30, 2023.
- Cerro Gordo County's net position increased 7.7% or \$6,851,171 for the fiscal year ended June 30, 2024. Government activities increased \$6,905,789 and business-type activities decreased by \$54,618. For fiscal year ended June 30, 2023, total net position increased \$5,752,951. Governmental activities increased \$5,813,470 and business-type activities decreased \$60,519.
- ◆ Cerro Gordo County's governmental funds reported combined ending fund balances of \$35,854,146, a decrease of \$511,279 in comparison with the prior year, including the inventory reserve change. Approximately 46% of the total amount, \$16,486,103, is the County's unassigned fund balance.
- Cerro Gordo County's general long-term debt, excluding compensated absences, retirement benefits, net pension liability, total OPEB liability, and claims payable, decreased \$1,326,408 during the fiscal year. This change was due to scheduled debt and lease payments and the issuance and payment of additional drainage warrants.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the government's financial activities.

The Government-wide Financial Statements consist of the Government-Wide Statement of Net Position and the Government-Wide Statement of Activities (on pages 22-25). These provide information about the activities of the County as a whole and present an overall view of the County's finances.

The Fund Financial Statements (starting on page 26) tell how government services were financed in the short term as well as what remains for future spending. Fund financial statements report Cerro Gordo County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Cerro Gordo County acts solely as an agent or custodian for the benefit of those outside of the government.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Required Supplementary Information further explains and supports the financial statements with a comparison of the County's budget for the year, the County's proportionate share of the net pension liability and related contributions, as well as presenting the Schedule of Changes in the County's Total OPEB Liability, Related Ratios and Notes.

Supplementary Information provides detailed information about the nonmajor governmental and the individual Custodial Funds. In addition, the Schedule of Expenditures of Federal Awards provides details of various federal programs benefiting the County.

REPORTING THE COUNTY'S FINANCIAL ACTIVITIES

Government-wide Financial Statements

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Position and the Statement of Activities report information about activities in a way that helps answer this question. These statements include all assets, deferred outflows of resources, liabilities, and deferred inflows of resources using the accrual basis of accounting and the economic resources measurement focus. This is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Position presents financial information on all of the County's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as "net position". Over time, increases or decreases in the County's net position may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net position changed during the fiscal year. All changes in net position are reported as soon as the event or change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are displayed in the Statement of Net Position and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, county environment and education, roads and transportation, government services to residents, administrative services, interest on long-term debt, and other non-program activities. Property taxes and state and federal grants finance most of these activities.

Fund Financial Statements

The fund financial statements begin on page 26 and provide detailed information about individual, significant funds; not the County as a whole. Some funds are required to be established by Iowa law or by bond covenants. However, the County establishes many other funds to help it control and manage money for particular purposes.

Cerro Gordo County has three kinds of funds:

• Governmental funds - Governmental funds account for most of the County's basic services, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These governmental funds include 1) General Fund, 2) Special Revenue Funds, such as Rural Services and Secondary Roads, 3) Debt Service Fund, and 4) Capital Projects Fund. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The government fund statements provide a detailed short-term view of the County's general governmental operations and the basic service it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The required financial statements for governmental funds include a Balance Sheet and a Statement of Revenues, Expenditures, and Changes in Fund Balances.

• Proprietary funds - Cerro Gordo County maintains two types of proprietary funds: internal service funds and enterprise funds. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County has two internal service funds: Health Insurance Fund and Central Services Fund. Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business. Cerro Gordo County maintains two enterprise funds: Meservey Wastewater Collection & Treatment Facility and Swaledale Wastewater Collection & Treatment Facility.

The required financial statements for proprietary funds include a Statement of Net Position, a Statement of Revenues, Expenses, and Changes in Fund Net Position, and a Statement of Cash Flows.

Fiduciary funds - Fiduciary funds are used to report assets held in a trust or custodial capacity for others
and cannot be used to support the government's own programs. These fiduciary funds include custodial
funds that account for emergency management services, county assessor, and city assessor to name a
few.

The required financial statements for fiduciary funds include a Statement of Fiduciary Net Position and a Statement of Changes in Fiduciary Net Position.

Reconciliations between the government-wide financial statements and the governmental fund financial statements follow the governmental fund financial statements.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found beginning on page 39.

Supplementary Information

The supplementary information begins on page 74 and provides detailed information about the non-major governmental funds and the individual fiduciary funds. In addition, the Single Audit Section provides details of the various Federal awards received by the County.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net position may serve over time as a useful indicator of a government's financial position. Cerro Gordo County's net position increased \$6,851,171 from \$88,585,809 to \$95,436,980. The analysis below focuses on the net position and changes in net position of our governmental and business-type activities.

Cerro Gordo County's Net Position

Deferred Inflows of Resources	20,945,653	21,318,810	0	0	20,945,653	21,318,810
Net Position: Net Investment in Capital Assets Restricted Unrestricted	61,260,457 18,734,690 14,931,970	56,290,031 20,399,999 11,331,298	409,528 0 100,335	477,129 0 87,352	61,669,985 18,734,690 15,032,305	56,767,160 20,399,999 11,418,650
Total Net Position	\$94,927,117	\$88,021,328	\$509,863	\$564,481	\$95,436,980	\$88,585,809

The largest portion of the County's net position, 64.6%, is the net investment in capital assets (e.g., land, infrastructure, buildings, and equipment). The County uses these capital assets to provide services to citizens, therefore, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources since the capital assets themselves cannot be liquidated to cover the liabilities.

The restricted portion of the County's net position, 19.6% or \$18,734,690, represents resources that are subject to external restrictions, constitution provisions, or enabling legislation on how they can be used. The remaining balance of unrestricted net position is \$15,032,305 or 15.8%.

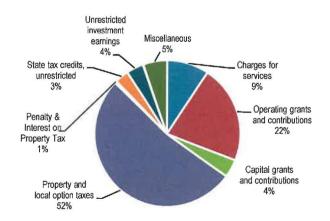

The County's net position increased \$6,851,171 during the current fiscal year. The governmental-type activities increased by \$6,905,789 and the business-type activities decreased \$54,618.

The following table highlights the County's revenues and expenses for the fiscal year ended June 30, 2024 and 2023. These two main components are subtracted to yield the change in net position. This table utilizes the full accrual method of accounting. Revenue is further divided into two major components: Program Revenue and General Revenue. Program Revenue is defined as charges for service and sales, operating grants and contributions, and capital grants and contributions. General Revenue includes taxes, investment income, and other unrestricted revenue sources.

Revenues by Type

Expenses by Function

Governmental Activities

Cerro Gordo County's governmental activities net position increased \$6,905,789 during the year. Revenues for governmental activities increased 7.4% or \$2,948,561 over the prior year. Charges for service increased \$612,611 from FY23. The County's operating grants, contributions and restricted interest revenues were \$9,242,563, a decrease of \$476,097 over FY23 due a reduction in operating grants for public health. Capital grants, contributions and restricted interest increased \$411,292 over the previous year as a result of additional capital grants and contributions for the roads and transportation function. With an increase in taxable property value, property tax revenues increased \$1,148,965. Local option sales & service tax increased \$176,865.

The cost of all governmental activities this year was \$36,015,748, an increase of \$1,856,242 over the prior years' \$34,159,506. However, as shown in the Statement of Activities on page 24-25, the amount the taxpayers ultimately financed for these activities through County taxes was only \$21,105,884 since some of the cost was paid by those that directly benefited from the programs, or by other governments and organizations that subsidized certain programs with grants and contributions.

Public safety and legal services increased \$868,301 along with \$802,638 in the administration function and \$636,079 in government services to residents.

For FY24, Cerro Gordo County maintained the rural levy rate at 3.39820 per thousand of taxable valuation and decreased the countywide levy rate from 5.47238 to 5.46279. The combined tax rates and increase in property valuations resulted in increased property tax dollars of \$701,000 for general purposes, \$199,000 for rural purposes, and \$7,200 for debt services.

Business-Type Activities

Business-type activities decreased the County's net position by \$54,618.

THE COUNTY'S INDIVIDUAL MAJOR FUNDS

As Cerro Gordo County completed the year, its governmental funds reported a combined fund balance of \$35,854,146, which is a decrease of \$511,279 or 1.4% over the combined fund balance for FY23. Of this amount, \$16,486,103 represents the unassigned fund balance which is available for spending at the government's discretion. The remainder of the fund balance is assigned, restricted, or non-spendable. The following are the major reasons for the changes in fund balances from the prior year:

- ♦ The General Fund, as the main operating fund for Cerro Gordo County, ended FY24 with an ending fund balance totaling \$19,822,020. This is a \$909,708 decrease from the prior year's \$20,731,728 fund balance. Revenues increased 5.6% from the prior year, or \$1,231,285. Expenditures experienced an increase of \$572,984, or 2.8% from FY23 as a result of additional expenditures in public safety and legal services, county environment and education, and administration. Expenditures decreased in capital projects and government services to residents.
- ◆ The Rural Services Fund balance increased \$519,084 to \$1,418,602 from the prior year ending balance of \$899,518. Revenues increased \$181,735, from \$3,419,807 in FY23 to \$3,601,542 in FY24. Expenditures totaled \$482,458, an increase of \$71,546, or 17.4% over last year's expenditures of \$410,912.

- ♦ The Secondary Roads Fund expenditures increased \$458,985 from \$9,520,882 in FY23 to \$9,979,867 in FY24. Revenues increased from \$6,235,718 in FY23 to \$6,357,097 in FY24, a change of 1.9%. The Secondary Roads fund balance decreased \$48,663 from \$7,240,729 in FY23 to \$7,289,392 in FY24.
- ♦ The Public Health Fund ended FY24 with a fund balance of \$2,099,667, an increase of \$106,323 over the prior year's balance of \$1,993,344. Expenditures totaled \$5,563,858, an increase of \$65,320 over the prior year. Revenues of \$3,633,764 were a decrease of \$185,556 over FY23 revenues of \$3,819,320.
- The Debt Service Fund had a fund balance of \$54,719, all of which is restricted for the payment of debt.
- ♦ The Capital Projects fund balance decreased \$567,110 from \$2,539,278 in FY23 to \$1,972,168 in FY24 due to a variety of capital projects including Strand Park tennis court upgrades, jail security upgrades, Linn Grove campground electrical upgrades, construction of the conservation maintenance shed and the purchase of a building adjacent to the courthouse.

BUDGETARY HIGHLIGHTS

The county budget is based on nine functions/service areas as required by the State, not by fund or fund type. Over the course of the year, Cerro Gordo County amended its budget once. The budgetary comparison schedule on pages 63-64 provides more information. The amendment, approved in May 2024, resulted in the following:

Revenues and Other Sources changed \$4,316,927, which included:

- An increase of \$253,542 in hotel/motel tax and local option sales and service tax.
- ♦ An increase of \$814,199 in intergovernmental revenues. Additional revenue was noted for Public Health and Destination Iowa funds.
- ♦ A decrease of \$150 in licenses and permits for Public Health.
- ♦ Charges for services increased \$181,250. This included an increase in fees for services provided by the County Treasurer, the County Recorder, the County Sheriff, and Public Health.
- Use of money & property increased \$799,560 due to additional interest on investments and land rent.
- Miscellaneous revenue increased \$272,889. This included donations, miscellaneous revenues, and opioid settlement funds.
- ♦ Other Financing Sources included an increase in operating transfers of \$633,372 and \$1,362,265 from proceeds from the sale of capital assets.

Expenditures and Other Uses increased \$2,051,320 which included:

- ♦ Increase of \$109,317 in Public Safety and Legal Services. This is due to additional expenditures for the County Sheriff.
- ♦ Increase of \$552,649 in Physical Health and Social Services due to additional expenditures for the Public Health department, juvenile detention services, and county grants.
- ♦ A decrease of \$280,491 in County Environment & Education. This decrease stems from a reduction in grants and a decrease in expenditures for the shoreline stabilization project around Clear Lake.

- ♦ An increase of \$643,759 in Roads and Transportation for Secondary Roads department and Roadsides department.
- ♦ An increase of \$2,455 in Government Services to Residents for the County Recorder's miscellaneous expenditures.
- ♦ An increase of \$195,050 in Administration for an increase in expenditures for the Information Technology department.
- An increase in capital projects of \$195,209 for Secondary Road projects.
- Other Financing Uses included an increase in operating transfers of \$633,372.

During the year, however, revenues were \$841,772 more than budgetary revenues and expenditures were \$6,713,730 less than budgetary expenditures. Iowa law requires budget amendments to specific expenditure functions/service areas, i.e., public safety and legal service, to be enacted by the Board of Supervisors no later than May 31 of each fiscal year. Since the County's fiscal year ends on June 30 and the County's budget is based on the current financial resources measurement focus and the modified accrual basis of accounting, the Board takes a conservative approach when enacting year end budget amendments. This means the comparison of actual to budgeted amounts will usually show expenditures to be well below budgeted amounts. This is especially true for the Capital Projects and Roads and Transportation service areas when projects may roll over to a subsequent fiscal year.

For governmental activities, Cerro Gordo County had depreciation expense of \$4,601,890 and total accumulated depreciation of \$65,997,769 for the year ended June 30, 2024. For business-type activities, depreciation expense was \$85,286 and total accumulated depreciation was \$1,980,400 for the year end.

Additional information on Cerro Gordo County's capital assets can be found in Note 5 of this report.

Long-Term Debt

As of June 30, 2024, Cerro Gordo County had total long-term debt outstanding for governmental activities of \$2,936,613, a decrease of \$1,326,408 compared to FY23. The County issued \$249,045 in drainage warrants during the year. Reductions in debt resulted from capital loan note and revenue bond retirement of \$936,000, lease payments of \$164,128, and \$475,325 of drainage warrants that were called.

In the current year, the County paid \$936,000 in principal and \$13,918 in interest on capital loan notes and revenue bonds, compared to \$932,500 in principal and \$16,120 in interest for FY23.

Sewer revenue capital loan notes (Business-Type Activities) outstanding totaled \$379,015. This is a decrease of \$17,685 due to debt retirement. Business-Type Activities paid \$17,685 in principal and \$17,852 in interest on outstanding debt in the current year.

The Code of Iowa limits the amount of general obligation debt that counties can issue to 5 percent of the assessed value of all taxable property within the county. Cerro Gordo County's outstanding general obligation debt is significantly below its limit of \$325 million.

Cerro Gordo County's Outstanding Debt

	2024	2023
Governmental Activities:		
Capital Loan Notes & Revenue Bonds	\$ 1,941,250	\$ 2,877,250
Lease Agreements	214,593	378,721

Total	\$ 2,936,613	\$ 4,263,021
Business-Type Activities: Sewer Revenue Bonds	\$ 379,015	\$ 396,700

Additional information about the County's long-term debt can be found in Note 8 to the financial statements.

ECONOMIC FACTORS AND NEXT YEARS'S BUDGETS AND RATES

Cerro Gordo County's elected and appointed officials considered many factors when setting the 2025 fiscal year budget, tax rates, and the fees that will be charged for the various county services. One of those factors is the economy. Cerro Gordo County's unemployment rate now stands at 3.2% versus 2.6% a year ago. This compares with the State unemployment rate of 2.9% and the national rate of 3.6%. House File 718 (HF718) made changes to Iowa county and city budgets for FY25 through FY29 which provides a mechanism for the general and rural levy rate to be reduced if taxable property growth is over 3%.

- For the budget year ending June 30, 2025, Cerro Gordo County decreased the rural county levy rate from \$3.39820 to \$3.29922 per thousand of taxable valuation due to HF718. The countywide levy rate decreased from \$5.46279 to \$5.34679 per thousand of taxable valuation due to a reduction in the debt service levy and HF718.
- ♦ The tax base for Cerro Gordo County increased 6.3% over the prior year.

- ♦ Estimated revenues for FY25 are \$37,931,976, an increase of \$1,321,603 over FY24. This increase is due to additional property taxes and interest income.
- ♦ The total expenditures for the FY25 budget are \$42,808,864, a decrease of \$2,763,936, or 6.1%, from the FY24 budget. The major area of decrease is capital projects and roads and transportation. The County had four bargaining units of which two renegotiated their contracts and two decertified. The new contracts run from July 1, 2022 to June 30, 2025.

All these factors were considered in preparing the Cerro Gordo County budget for the fiscal year ending June 30, 2025.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the County's finances and to demonstrate a high degree of accountability for the public dollars entrusted to us. If you have questions about this report or need additional information, contact the Cerro Gordo County Auditor's Office, 220 North Washington, Mason City, Iowa 50401.

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET POSITION June 30, 2024

Total Governmental Fund Balances (page 29)		\$35,854,146
Amounts reported for governmental activities in the Statement of Net Position are different because:		
Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds. The cost of capital assets is \$129,316,819 and the accumulated depreciation/amortization is \$65,997,769.		63,319,050
Other long term assets are not available to pay current year expenditures and therefore, are recognized as deferred inflows of resources in the governmental funds as follows:		
Property Taxes - General Purposes Property Taxes - Debt Service Opioid Settlement Secondary Roads Reimbursements Drainage Assessments/Special Assessments	\$18,346 1,022 1,690,043 469,609 107,423	2,286,443
The Internal Service Funds are used by management to charge the costs of funding the County's health insurance benefit plan and the costs of centralized service operations for property insurance to the individual funds. The assets and liabilities of the Internal Service Funds are included with governmental activities in the Statement of Net Position.		1,403,092
Pension and OPEB related deferred outflows of resources and deferred inflows of resources are not due and payable in the current year and, therefore, are not reported in the governmental funds, as follows:		
Deferred Outflows of Resources Deferred Inflows of Resources	3,233,761 (858,109)	2,375,652
Long term liabilities, including lease agreements payable, bonds and notes payable, accrued interest payable, total OPEB liability, retirement benefits payable, net pension liability, drainage district warrants payable and compensated absences payable, are not due and payable during the current year and, therefore, are not reported in the governmental funds.	_	(10,311,266)
Net Position of Governmental Activities (page 23)	_	\$94,927,117

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES - GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended June 30, 2024

Change in Fund Balances - Total Governmental Funds (page 32)		(\$563,238)
Amounts reported for governmental activities in the Statement of Activities are different because:		
Governmental funds report capital outlays as expenditures while governmental activities report depreciation/amortization expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation/amortization expense in the current year, as follows:		
Expenditures for Capital Assets Capital Assets Contributed by the Iowa Department of Transportation Capital Assets Contributed by Others Depreciation/Amortization Expense	\$7,303,894 1,018,767 209,000 (4,601,890)	3,929,771
In the Statement of Activities, the gain on the disposition of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources.		(35,473)
Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are recognized as deferred inflows of resources in the governmental funds, as follows:		
Property Tax Other	(266) 1,145,683	1,145,417
Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position. Current year debt repayments exceeded issuances as follows:		
Lease Payments	164,128	
Principal Payments Drainage Warrants Issued Drainage Warrants Payments	936,000 (249,045) 475,325	1,326,408
The current year County IPERS contributions are reported as expenditures in the governmental funds, but are reported as a deferred outflow of resources in the		
Statement of Net Position.		1,415,438
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:		
Compensated Absences Retirement Benefits Pension Expense OPEB Interest on Long-Term Debt	(109,431) 79,606 (468,656) 103,962 367	(394,152)
The change in the amount reserved for Secondary Roads inventory is reported as an increase or decrease in reserved fund balance in the governmental funds. This amount		(5)1,152)
is reported as an increase or decrease in Secondary Roads expenses in the Statement of Activities.		51,959
The Internal Service Funds are used by management to charge the costs of employee health benefits and property insurance to individual funds. The change in Net Position		
of the Internal Service Funds is reported with governmental activities.		29,659
Change in Net Position of Governmental Activities (page 25)	=	\$6,905,789

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies

Cerro Gordo County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, general administrative services, and drainage district services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. REPORTING ENTITY

For financial reporting purposes, Cerro Gordo County has included all funds, organizations, agencies, boards, commissions, and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the County.

These financial statements present Cerro Gordo County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units – The following component units are entities which are legally separate from the County, but are so intertwined with the County they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

One hundred and sixty-one drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Cerro Gordo County Board of Supervisors. The Cerro Gordo County Board of Supervisors has operational responsibility for this component unit. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Cerro Gordo County Auditor's Office.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Cerro Gordo County and City Assessor's Conference Boards, Cerro Gordo County Emergency Management Commission and Cerro Gordo County Joint 911 Service Board. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Custodial Funds of the County.

B. Basis of Presentation

Government—wide Financial Statements - The Statement of Net Position and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of interfund activity has been removed from these statements except for interfund services provided and used which are not eliminated in the process of consolidation. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Position presents the County's nonfiduciary assets, deferred outflows of resources, liabilities, and deferred inflows of resources, with the difference reported as net position. Net position is reported in the following categories:

Net investment in capital assets consists of capital assets, net of accumulated depreciation and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

Restricted net position results when constraints placed on net position use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net position consists of net position not meeting the definition of the two preceding categories. Unrestricted net position is often subject to constraints imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions, and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

<u>Fund Financial Statements</u> - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Rural Services Fund is used to account for property tax and other revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is used to account for the road use tax allocation from the State of Iowa, transfers from the General Fund and the Special Revenue, Rural Services Fund and other revenues to be used for secondary roads construction and maintenance.

The Public Health Fund is utilized to account for Federal and State grants and fees collected by the County to provide and maintain the County Public Health Department.

The Debt Service Fund is a discretionary major fund utilized to account for property tax and other revenues to be used for the payment of interest and principal on the County's general long-term debt.

The Capital Projects Fund is a discretionary major fund used to account for all resources used in the acquisition and construction of capital facilities and other capital assets.

Additionally, the County reports the following funds:

The Internal Service Funds account for the financing of goods and services purchased by one department or agency and provided to other departments or agencies of the County on a cost-reimbursement basis. The Central Services Fund accounts for the costs of the centralized service operation for the property insurance. The Health Insurance Fund accounts for the County's insurance for health insurance benefits provided by governmental funds to employees. Costs are billed to governmental funds and employees based on historical claims experience.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes. The Enterprise Funds account for the activities of the Meservey Wastewater Collection and Treatment Facility and the Swaledale Wastewater Collection and Treatment Facility.

Fiduciary Funds – Custodial funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units, and/or other funds. The County's Custodial Funds consist of the following:

Elected Officials – To account for the activity of various cash accounts maintained by elected officials and other County departments which have not been remitted to the County Treasurer, who acts as trustee for all pooled cash and investments of the County, or to other individuals, private entities or governments.

Veterans Affairs - To account for the funds used to maintain the veteran's plaque.

Auditor - To account for revenues received from the sale of GIS maps, plat books, and copies.

Recorder – To account for the recording of deeds and mortgages, writing fees for DNR licenses, and the sale of various licenses (hunting, fishing, ATV, boat and snowmobile).

Sheriff – To account for fees associated with the serving of papers and the sale of gun permits.

Other Custodial Funds – Clearing accounts that account for funds collected by the County on behalf of individuals and other governmental entities:

Agricultural Extension Education County Assessor City Assessor Schools Community Colleges Corporations **Townships** City Special Assessments Auto License and Use Tax Brucellosis and Tuberculosis Eradication **Emergency Management Services** Clear Lake Sanitary District County EMS Association Advance Tax Cash Long/Short Tax Sale Redemption E-911 Operations Recorder's Transfer Fee Pass-Through Projects Empowerment

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current year or soon enough thereafter to pay liabilities of the current year. For this purpose, the County considers revenues to be available if they are collected within sixty days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgements and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long-term debt and acquisitions under leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net position available to finance the program. It is the County's policy to first apply cost-reimbursement grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Funds are from charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. ASSETS, DEFERRED OUTFLOWS OF RESOURCES, LIABILITIES, DEFERRED INFLOWS OF RESOURCES AND FUND BALANCE/NET POSITION

The following accounting policies are followed in preparing the financial statements:

<u>Cash, Cash Equivalents and Pooled Investments</u> - The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law. Investments are stated at fair value except for investments in the Iowa Public Agency Investment Trust and non-negotiable certificates of deposit which are stated at amortized cost.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and, at the day of purchase, have a maturity date no longer than three months.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

Property Tax Receivable - Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date the tax asking is certified by the County Board of Supervisors. Delinquent property tax receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in April of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is reported as deferred inflow of resources in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds becomes due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2022 assessed property valuations; is for the tax accrual period July 1, 2023 through June 30, 2024 and reflects the tax asking contained in the budget certified by the County Board of Supervisors in April 2023.

Interest and Penalty on Property Tax Receivable - Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Opioid Settlement Receivable – The County will receive payments from certain prescription drug companies and pharmaceutical distributors engaged in misleading and fraudulent conduct in the marketing and sale of opioids and failure to monitor for, detect and prevent diversion of the drugs. The County is required to use these funds for activities to remediate the opioid crisis and treat or mitigate opioid use disorder and related disorders through prevention, harm reduction and recovery services.

<u>Drainage and Special Assessments Receivable</u> - Drainage and special assessments receivable represents amounts assessed to individuals for work done which benefits their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Drainage assessments receivable represent assessments which are due and payable but have not been collected and remaining assessments which are payable but not yet due.

<u>Due from and Due to Other Funds</u> - During the course of its operations, the County has numerous transactions between funds. To the extent that certain transactions between funds had not been paid or received as of June 30, 2024, balances of interfund amounts receivable or payable have been recorded in the financial statements.

<u>Due from Other Governments</u> - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants, and reimbursements from other governments.

<u>Inventories</u> - Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by a fund balance reserve which indicates that they are not available to liquidate current obligations.

<u>Capital Assets</u> – Capital assets are tangible and intangible assets, which include property, equipment and vehicles, intangibles and infrastructure assets acquired after July 1, 1980 (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the applicable governmental and business-type activities columns in the government-wide Statement of Net Position. Capital assets are recorded at historical cost (except for intangible right-to-use lease assets, the measurement of which is discussed under "Leases" below) if purchased or constructed. Donated capital assets are recorded at acquisition value. Acquisition value is the price that would have been paid to acquire a capital asset with equivalent service potential. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are not capitalized. Intangible assets follow the same capitalization policies as tangible capital assets and are reported within tangible assets in the appropriate capital asset class. Reportable capital assets are defined by the County as assets with initial, individual cost in excess of the following thresholds and estimated useful lives in excess of two years.

Asset Class	Amount
Infrastructure	\$ 100,000
Land, buildings and improvements	50,000
Intangibles	75,000
Right-to-use lease assets	50,000
Right-to-use subscription assets	100,000
Equipment and vehicles	10,000

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

Land and construction in progress are not depreciated. The other tangible and intangible property, plant, equipment, the right-to-use leased equipment and infrastructure are depreciated/amortized using the straight-line method over the following estimated useful lives:

Estimated Useful Lives
(In Years)
40-50
20-50
30-50
2-20
2-20
5-20
2-20
3-10

<u>Leases</u> – **County as a Lessee:** Cerro Gordo County is the lessee for a noncancelable lease of a building. The County has recognized a lease liability and an intangible right-to-use asset (lease asset) in the government-wide financial statements. The County recognizes lease liabilities with an initial, individual value of \$50,000 or more.

At the commencement of a lease, the County initially measures the lease liability at the present value of payment expected to be made during the lease term. Subsequently, the lease liability is reduced by the principal portion of lease payments made. The lease asset is initially measured as the initial amount of the lease liability, adjusted for lease payments made at or before the lease commencement date, plus certain initial direct costs. Subsequently, the lease asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to leases include how Cerro Gordo County determines the discount rate it uses to discount the expected lease payments to present value, lease term and lease payments.

Cerro Gordo County uses the interest rate charged by the lessor as the discount rate. When the interest rate charged by the lessor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancelable period of the lease. Lease payments included in the measurement of the lease liability are composed of fixed payments and a purchase option price that the County is reasonably certain to exercise.

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease asset and liability if certain changes occur that are expected to significantly affect the amount of the lease liability.

Lease assets are reported with other capital assets and lease liabilities are reported with long-term debt on the statement of net position.

County as a Lessor: Cerro Gordo County is a lessor for a noncancelable lease of farmland. The County recognizes a lease receivable and a deferred inflow of resources in the government-wide and governmental fund financial statements.

At the commencement of a lease, the County initially measurers the lease receivable at the present value of payments expected to be received during the lease term. Subsequently, the lease receivable is reduced by the principal portion of lease payments received. The deferred inflow of resources is initially measured as the initial amount of the lease receivable, adjusted for lease payments received at or before the lease commencement date. Subsequently, the deferred inflow of resources is recognized as revenue over the life of the lease term.

Key estimates and judgments include how Cerro Gordo County determines the discount rate it uses to discount the expected lease receipts to present value, lease term and lease receipts.

Cerro Gordo County uses it estimated incremental borrowing rate as the discount rate for leases.

The lease term includes the noncancelable period of the lease. Lease receipts included in the measurement of the lease receivable is composed of fixed payments from the lessee.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

The County monitors changes in circumstances that would require a remeasurement of its lease and will remeasure the lease receivable and deferred inflows of resources if certain changes occur that are expected to significantly affect the amount of the lease receivable.

<u>Subscription-Based Information Technology Arrangements (SBITA)</u> – Cerro Gordo County has not entered into a contract that conveys control of the right to use information technology software for the fiscal year ended June 30, 2024.

At the commencement of the IT subscription term, the County initially measures the subscription liability at the present value of payments expected to be made during the subscription term. Subsequently, the IT subscription liability is reduced by the principal portion of payments made. The right-to-use IT subscription asset is initially measured as the sum of the initial IT subscription liability, adjusted for payments made at or before the commencement date, plus capitalization implementation costs less any incentives received from the SBITA vendor at or before the commencement of the subscription term. Subsequently, the right-to-use IT subscription asset is amortized on a straight-line basis over its useful life.

Key estimates and judgments related to IT subscription arrangements include how Cerro Gordo County determines the discount rate it uses to discount the expected payments to present value, terms and payments.

Cerro Gordo County uses the interest rate charged by the IT subscription vendor as the discount rate. When the interest rate charged by the vendor is not provided, the County generally uses its estimated incremental borrowing rate as the discount rate.

The IT subscription term includes the noncancelable period of the subscription. Payments included in the measurement of the liability are composed of fixed payments.

The County monitors changes in circumstances that would require a remeasurement of its IT subscription and will remeasure the right-to-use IT subscription asset and liability if certain changes occur that are expected to significantly affect the amount of the subscription liability.

Right-to-use IT subscription assets are reported with other capital assets and IT subscription liabilities are reported with long-term debt on the statement of net position.

<u>Deferred Outflows of Resources</u> – Deferred outflows of resources represent a consumption of net assets applicable to a future year(s) which will not be recognized as an outflow of resources (expense/expenditure) until then. Deferred outflows of resources consist of unrecognized items not yet charged to pension and OPEB expense and contributions from the County after the measurement date but before the end of the County's reporting period.

<u>Due to Other Governments</u> - Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

<u>Due to Individuals and Private Entities</u> – Due to individuals and private entities represents amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Compensated Absences - County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use or for payment upon termination, death or retirement. A liability is recorded when incurred in the government-wide, proprietary and fiduciary fund financial statements. A liability for these amounts is reported in governmental fund financial statements only for employees who have resigned or retired. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2024. Any accrued compensated absences that are carried over must be taken in the following fiscal year or else be lost. The compensated absences liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Rural Services and Secondary Road Funds.

<u>Long-Term Liabilities</u> – In the government-wide and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Position.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 1: Summary of Significant Accounting Policies (Continued)

<u>Pensions</u> – For purposes of measuring the net pension liability, deferred outflows of resources and deferred inflows of resources related to pensions and pension expense, information about the fiduciary net position of the Iowa Public Employees' Retirement System (IPERS) and additions to/deductions from IPERS' fiduciary net position have been determined on the same basis as they are reported by IPERS. For this purpose, benefit payments, including refunds of employee contributions, are recognized when due and payable in accordance with the benefit terms. Investments are reported at fair value. The net pension liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Rural Services and Secondary Roads Funds.

Total OPEB Liability – For purposes of measuring the total OPEB liability, deferred inflows of resources related to OPEB and OPEB expense, information has been determined based on Cerro Gordo County, Iowa's actuary report. For this purpose, benefit payments are recognized when due and payable in accordance with the benefit terms. The total OPEB liability attributable to the governmental activities will be paid primarily by the General Fund and the Special Revenue, Rural Services and Secondary Roads Funds

Deferred Inflows of Resources — Deferred inflows of resources represents an acquisition of net assets applicable to a future year(s) which will not be recognized as an inflow of resources (revenue) until that time. Although certain revenues are measurable, they are not available. Available means collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the governmental fund financial statements represent the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current year or expected to be collected soon enough thereafter to be used to pay liabilities of the current year. Deferred inflows of resources in the fund financial statements consist of property tax receivable and other receivables not collected within sixty days after year-end and succeeding year property tax receivables that will not be recognized until the year for which they are levied.

Deferred inflows of resources in the Statement of Net Position consist of succeeding year property tax receivable that will not be recognized until the year for which it is levied, unrecognized items not yet charged to pension and OPEB expense and the unamortized portion of the net difference between projected and actual earnings on pension plan assets and deferred amounts related to leases.

Fund Balance - In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable – Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

<u>Restricted</u> – Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

<u>Committed</u> – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year-end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

<u>Assigned</u> – Amounts the Board of Supervisors intend to use for specific purposes. In a resolution dated June 2011, the Board of Supervisors designated the County Auditor to make such determinations.

<u>Unassigned</u> – All amounts not included in the preceding classifications. The General Fund is the only fund that reports a positive unassigned fund balance. In other governmental funds, it is not appropriate to report a positive unassigned fund balance amount. However, in governmental funds other than the general fund, if expenditures incurred for specific purposes exceed the amounts that are restricted, committed, or assigned to those purposes, it may be necessary to report a negative unassigned fund balance in that fund.

Net Position - The Net Position of the Internal Service, Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

E. BUDGETS AND BUDGETARY ACCOUNTING

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2024, disbursements did not exceed the amounts budgeted.

NOTES TO FININCIAL STATEMENTS June 30, 2024

Note 2: Cash, Cash Equivalents and Pooled Investments

The County's deposits in banks at June 30, 2024 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to ensure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; certain joint investment trusts; and warrants or improvement certificates of a drainage district.

At June 30, 2024, the County had the following investments:

Investment	Fair Value	Maturity
Federal Farm Credit Banks (FFCB)	\$498,738	April 2029
Federal Home Loan Banks (FHLB)	466,140	March 2026
Federal Home Loan Banks (FHLB)	258,393	January 2029
Federal Home Loan Mortgage Company (FHLMC)	498,944	April 2027
	\$1,722,215	•

The County uses the fair value hierarchy established by generally accepted accounting principles based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

The recurring fair value measurement for the FFCB securities of \$498,738, the FHLB securities of \$724,533 and the FHLMC securities of \$498,944 were determined using the last reported sales price at current exchange rates. (Level 1 inputs)

In addition, the County had investments in the Iowa Public Agency Investment Trust (IPAIT) which are valued at an amortized cost of \$9,964. There were no limitations or restrictions on withdrawals for the IPAIT investments. The County's investment in IPAIT is unrated.

Interest Rate Risk – The County's investment policy limits the investment of operating funds (funds expected to be expended in the current budget year or within 15 months of receipt) to instruments that mature within 397 days. Funds not identified as operating funds may be invested in investments with maturities longer than 397 days, but the maturities shall be consistent with the needs and use of the County.

Credit Risk – The County does not have a policy relating to the credit risk of investments. The County's FFCB and FHLMC investments at June 30, 2024 are rated Aaa by Moody's Investors Service. The investment in the Iowa Public Agency Investment Trust is unrated.

Concentration of Credit Risk – The County places no limit on the amount which may be invested in any one issuer. More than 5% of the County's investments are in the Federal Farm Credit Banks, the Federal Home Loan Banks and the Federal Home Loan Mortgage Company. The County's investments in the Federal Farm Credit Banks, the Federal Home Loan Banks and the Federal Home Loan Mortgage Company are 5.70%, 8.28% and 5.70%, respectively, of the County's total investments.

Note 3: Due from and Due to Other Funds

The detail of interfund receivables and payables at June 30, 2024, is as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Special Revenue:	
	Attorney Collection	\$2,421
Special Revenue:	Special Revenue:	
Public Health	Opioid Settlement	12,777
Total		\$15,198

These balances result from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 4: Interfund Transfers

The detail of interfund transfers for the year ended June 30, 2024 is as follows:

Transfer To	Transfer From	Amount
Special Revenue:		
Secondary Roads	General Fund	\$950,000
	Special Revenue:	
Secondary Roads	Rural Services	2,600,000
Public Health	General Fund	2,036,417
Total		\$5,586,417

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources. Transfers were also used to move unrestricted general fund revenues to finance programs the County must account for in other funds in accordance with budgetary authorization.

In the year ended June 30, 2024, the County made the following transfers:

General Fund made a transfer to the Secondary Roads Fund to utilize American Rescue Plan Act funding for a road project	\$950,000
Rural Services Fund made transfers to the Secondary Roads Fund in accordance with State statutes	\$2,600,000
General Fund made transfers to the Public Health Fund to provide funding for operations	\$2,036,417

Note 5: Capital Assets

Capital assets activity for the year ended June 30, 2024 was as follows:

	Balance Beginning of Year	Increases	Decreases	Balance End of Year
Governmental Activities:

Note 6: County Farm Lease Receivable

The County owns the Cerro Gordo County Farm (Farm). Effective November 5, 2023, the County entered into a two-year lease with BKO Ag whereby BKO Ag operates the Farm. The County is to receive \$99,100 in land and building rent annually with an implicit rate of 0.00%.

Year Ending June 30,	Amount
2025	000.100
2025	\$99,100

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 7: Due to Other Governments

The County purchases services from other governmental units and also acts as a fee and tax collection agent for various governmental units. Tax collections are remitted to those governments in the month following collection. A summary of amounts due to other governments at June 30, 2024 is as follows:

Fund	Description	Amount
General Fund	Services	\$1,651
Special Revenue:		
Rural Services		38
Secondary Roads		1,384
Public Health		77,699
Total for Governmental Funds		\$80,772

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 9: Lease Agreements

On October 10, 2019, the County entered into a lease agreement for the Public Health Building. An initial lease liability was recorded in the amount of \$687,950. The agreement requires monthly payments of \$14,691 over 5 years with an initial payment made October 10, 2019, with an implicit interest rate of 4.00% and a final payment due September 1, 2025. Future principal and interest lease payments as of June 30, 2024 are as follows:

	Pub	lic Health Buildin	g
Year Ending June 30,	Principal	Interest	Total
2025	\$170,814	\$5,475	\$176,289
2026	43,779	292	44,071
-	\$214,593	\$5,767	\$220,360

Note 10: General Obligation Capital Loan Notes / Local Option Sales and Service Tax Revenue Bonds

During the year ended June 30, 2021, the County issued \$4,573,000 General Obligation Refunding Capital Loan Notes, Series 2021A, with interest rates ranging from 0.21-0.45% per annum. The proceeds were used to refund \$4,520,000, of General Obligation Capital Loan Notes, Series 2012A, representing 2022-2026 maturities. These maturities were called for redemption on June 1, 2021. The notes are payable from a continuing annual levy of taxes on all of the taxable property in the County. Interest payments are due semiannually, commencing December 1, 2021 and principal payments are due annually commencing June 1, 2022, maturing June 1, 2026. During the year ended June 30, 2024, the County made principal payments of \$912,000 and interest payments of \$12,402. A summary of the County's June 30, 2024 general obligation indebtedness is as follows:

	2021A \$4,	,573,000 Issue	
Interest Rate	Principal	Interest	Total
0.45%	\$919,000	\$8,298	\$927,298
0.45%	925,000	4,162	929,162
	\$1,844,000	\$12,460	\$1,856,460
	0.45%	Interest Rate Principal 0.45% \$919,000 0.45% 925,000	0.45% \$919,000 \$8,298 0.45% 925,000 4,162

During the year ended June 30, 2009, the County issued \$885,000 of Local Option Sales and Service Tax Revenue Bonds, with an interest rate of 1.25% per annum. The purpose of the bonds was for paying the County's share of the Clear Lake Dredging and Restoration Project, a rural County betterment project for the County of Cerro Gordo. The funds were to be advanced as needed for the project. As of June 30, 2009, \$300,000 had been advanced to the County. During the year ended June 30, 2010, an additional \$168,750 was advanced to the County. Interest payments are due semiannually, commencing December 1, 2008 and principal payments are due annually commencing June 1, 2009, maturing June 1, 2028. Principal payments made during fiscal year 2024 totaled \$24,000. Details of the outstanding bonds at June 30, 2024 are as follows:

		2008 \$885,000 Iss	ue	
Year Ending June 30,	Interest Rate	Principal	Interest	Total
2025	1.25%	\$24,000	\$1,214	\$25,214
2026	1.25%	24,000	916	24,916
2027	1.25%	24,000	616	24,616
2028 1.25%	1.25%	25,250	316	25,566
		\$97,250	\$3,062	\$100,312

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 11: Retirement Benefits

The County offered retirement benefits to its qualifying employees who retired by June 30, 2022. There are different criteria for different collective bargaining units and non-bargaining units, however, the general rule is: Any retiree with 30 years of service at age 58, or 20 years at age 62, will be provided with a single health insurance policy premium until the age of 65 for some, or 65 or Medicare eligible, whichever is later, for others.

At June 30, 2024, the County has obligations to eight participants with a total liability of \$161,080. Retirement benefits expenses for ten retirees for the year ended June 30, 2024 totaled \$86,240 and were paid from the General Fund, Public Health Fund and the Secondary Roads Fund.

Note 12: Drainage Warrants Payable

Drainage warrants are warrants which are legally drawn on drainage district funds but are not paid for lack of funds, in accordance with Chapter 74 of the Code of Iowa. The warrants bear interest at rates in effect at the time the warrants are first presented. Warrants will be paid as funds are available.

Drainage warrants are paid from the Drainage Special Revenue Fund solely from special assessments against benefited properties.

Note 13: Sewer Revenue Capital Loan Notes

The County has issued \$280,000 in sewer revenue capital loan notes to fund the costs of improvements and extensions to the County's Sanitary Sewer Utility including construction of a sanitary sewer collection and treatment facility for users in the City of Swaledale. The notes and interest are payable solely from the net earnings of the system and not from general funds of the County. Payments on the capital loan notes began on July 1, 1999. The capital loan notes have an interest rate of 4.50% with the final payment due July 1, 2036. During the year ended June 30, 2024, the County made principal payments of \$8,764 and interest payments of \$6,752. Details of the sewer revenue capital loan notes at June 30, 2024 are as follows:

Year Ending			
June 30,	Principal	Interest	Total
2025	\$9,158	\$6,358	\$15,516
2026	9,570	5,946	15,516
2027	10,001	5,515	15,516
2028	10,451	5,065	15,516
2029	10,921	4,595	15,516
2030-2034	62,436	15,144	77,580
2035-2036	28,747	1,946	30,693
	\$141,284	\$44,569	\$185,853
	\$141,284	\$44,569	\$185,85

The County has also issued \$59,100, \$253,200 and \$49,000 in sewer revenue capital loan notes to fund the costs of improvements and extensions to the County's Sanitary Sewer Utility including construction of a sanitary sewer collection and treatment facility for users in the City of Meservey. The notes and interest are payable solely from the net earnings of the system and do not represent general obligations of the County. Interest payments on the capital loan notes began on July 1, 2003. The capital loan notes have an interest rate of 4.50% with final payment due by July 1, 2044. During the year ended June 30, 2024, the County made principal payments of \$8,921 and interest payments of \$11,100. Details of the sewer revenue capital loan notes at June 30, 2024 are as follows:

Year Ending	\$59,1	100 Note	\$253,20	00 Note	\$49,00	0 Note	Tot	al

2030-2034	10,575	5,800	45,291	24,859	7,694	5,886	63,560	36,545
2035-2039	13,179	3,196	56,440	13,710	9,588	3,992	79,207	20,898
2040-2044	6,067	411	26,073	1,768	11,821	1,633	43,961	3,812
	\$38,307	\$17,296	\$164,147	\$74,144	\$35,277	\$18,917	\$237,731	\$110,357

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 14: Pension Plan

<u>Plan Description</u> – IPERS membership is mandatory for employees of the County, except for those covered by another retirement system. Employees of the County are provided with pensions through a cost-sharing multiple employer defined benefit pension plan administered by the Iowa Public Employees' Retirement System (IPERS). IPERS issues a stand-alone financial report which is available to the public by mail at P.O. Box 9117, Des Moines, Iowa 50306-9117 or at www.ipers.org.

IPERS benefits are established under Iowa Code Chapter 97B and the administrative rules thereunder. Chapter 97B and the administrative rules are the official plan documents. The following brief description is provided for general informational purposes only. Refer to the plan documents for more information.

<u>Pension Benefits</u> – A Regular member may retire at normal retirement age and receive monthly benefits without an early-retirement reduction. Normal retirement age is age 65, any time after reaching age 62 with 20 or more years of covered employment, or when the member's years of service plus the member's age at the last birthday equals or exceeds 88, whichever comes first. These qualifications must be met on the member's first month of entitlement to benefits. Members cannot begin receiving retirement benefits before age 55. The formula used to calculate a Regular member's monthly IPERS benefit includes:

- · A multiplier based on years of service.
- The member's highest five-year average salary, except members with service before June 30, 2012 will use the highest three-year
 average salary as of that date if it is greater than the highest five-year average salary.

Sheriffs, deputies and protection occupation members may retire at normal retirement age, which is generally age 55. Sheriffs, deputies and protection occupation members may retire any time after reaching age 50 with 22 or more years of covered employment.

The formula used to calculate a sheriff's, deputy's or protection occupation member's monthly IPERS benefit includes:

- 60% of average salary after completion of 22 years of service, plus an additional 1.5% of average salary for more than 22 years of service but not more than 30 years of service.
- The member's highest three-year average salary.

If a member retires before normal retirement age, the member's monthly retirement benefit will be permanently reduced by an early-retirement reduction. The early-retirement reduction is calculated differently for service earned before and after July 1, 2012. For service earned before July 1, 2012, the reduction is 0.25% for each month the member receives benefits before the member's earliest normal retirement age. For service earned on or after July 1, 2012, the reduction is 0.50% for each month the member receives benefits before age 65.

Generally, once a member selects a benefit option, a monthly benefit is calculated and remains the same for the rest of the member's lifetime. However, to combat the effects of inflation, retirees who began receiving benefits prior to July 1990 receive a guaranteed dividend with their regular November benefit payments.

<u>Disability and Death Benefits</u> – A vested member who is awarded federal Social Security disability or Railroad Retirement disability benefits is eligible to claim IPERS benefits regardless of age. Disability benefits are not reduced for early retirement. If a member dies before retirement, the member's beneficiary will receive a lifetime annuity or a lump-sum payment equal to the present actuarial value of the member's accrued benefit or calculated with a set formula, whichever is greater. When a member dies after retirement, death benefits depend on the benefit option the member selected at retirement.

<u>Contributions</u> — Contribution rates are established by IPERS following the annual actuarial valuation which applies IPERS' Contribution Rate Funding Policy and Actuarial Amortization Method. State statute limits the amount rates can increase or decrease each year to 1 percentage point. IPERS Contribution Rate Funding Policy requires the actuarial contribution rate be determined using the "entry age normal" actuarial cost method and the actuarial assumptions and methods approved by the IPERS Investment Board. The actuarial contribution rate covers normal cost plus the unfunded actuarial liability payment based on a 30-year amortization period. The payment to amortize the unfunded actuarial liability is determined as a level percentage of payroll based on the Actuarial Amortization Method adopted by the Investment Board.

In fiscal year 2024, pursuant to the required rate, Regular members contributed 6.29% of covered payroll and the County contributed 9.44% of covered payroll, for a total rate of 15.73%. The Sheriff, deputies and the County each contributed 8.51% of covered payroll, for a total rate of 17.02%. Protection occupation members contributed 6.21% of covered payroll and the County contributed 9.31% of covered payroll, for a total rate of 15.52%.

The County's contributions to IPERS for the year ended June 30, 2024 were \$1,415,438.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 14: Pension Plan (Continued)

Net Pension Liability. Pension Expense. Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions – At June 30, 2024, the County reported a net pension liability of \$5,262,777 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2023 and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation as of that date. The County's proportion of the net pension liability was based on the County's share of contributions to IPERS relative to the contributions of all IPERS participating employers. At June 30, 2023, the County's proportion was 0.116597% which was an increase of 0.012091% from its proportion measured as of June 30, 2022.

For the year ended June 30, 2024, the County recognized pension expense of \$468,656. At June 30, 2024, the County reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Experience	\$996,085	\$24,133
Changes of Assumptions	0	140,781
Net Difference Between Projected and Actual Earnings on IPERS' Investments	782,199	0
Changes in Proportion and Differences Between County Contributions and the County's Proportionate Share of Contributions	40,039	390,780
County Contributions Subsequent to the Measurement Date	1,415,438	0
Total	\$3,233,761	\$555,694

\$1,415,438 reported as deferred outflows of resources related to pensions resulting from County contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ending June 30, 2025. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

-	Year Ending June 30,	Amount
	2025	(\$263,048)
	2026	(637,219)
	2027	1,778,818
	2028	327,815
	2029	56,263
	Total	\$1,262,629

There were no non-employer contributing entities to IPERS.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 14: Pension Plan (Continued)

<u>Actuarial Assumptions</u> – The total pension liability in the June 30, 2023 actuarial valuation was determined using the following actuarial assumptions applied to all periods included in the measurement:

Rate of Inflation	2.60% per annum.
(effective June 30, 2017) Rates of Salary Increase (effective June 30, 2017)	3.25 to 16.25%, average, including inflation. Rates vary by membership group.
Long-Term Investment Rate of Return (effective June 30, 2017)	7.00% compounded annually, net of investment expense, including inflation.
Wage Growth (effective June 30, 2017)	3.25% per annum, based on 2.60% inflation and 0.65% real wage inflation.

The actuarial assumptions used in the June 30, 2023 valuation were based on the results of a quadrennial experience study covering the period of July 1, 2027 through June 30, 2021.

Mortality rates used in the 2023 valuation were based on the PubG-2010 mortality tables with mortality improvements modeled using Scale MP-2021.

The long-term expected rate of return on IPERS' investments was determined using a building-block method in which best-estimate ranges of expected future real rates (expected returns, net of investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The target allocation and best estimates of geometric real rates of return for each major asset class are summarized in the following table:

		Long-Term Expected Real Rate of
Asset Class	Asset Allocation	Return
Domestic Equity	21.00%	4.56%
International Equity	16.50	6.22
Global Smart Beta Equity	5.00	5.22
Core Plus Fixed Income	23.00	2.69
Public Credit	3.00	4.38
Cash	1.00	1.59
Private Equity	17.00	10.44
Private Real Assets	9.00	3.88
Private Credit	4.50	4.60
Total	100.00%	
1000	100.0070	

<u>Discount Rate</u> – The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed employee contributions will be made at the contractually required rate and contributions from the County will be made at contractually required rates, actuarially determined. Based on those assumptions, IPERS' fiduciary net position was projected to be available to make all projected future benefit payments to current active and inactive employees. Therefore, the long-term expected rate of return on IPERS' investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the County's Proportionate Share of the Net Pension Liability to Changes in the Discount Rate – The following presents the County's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the County's proportionate share of the net pension liability would be if it were calculated using a discount rate 1 percentage point lower (6.00%) or 1 percentage point higher (8.00%) than the current rate.

	1% Decrease (6.00%)	Discount Rate (7.00%)	1% Increase (8.00%)	
County's Proportionate Share of the Net Pension Liability	\$13,983,683	\$5,262,777	(\$2,047,473)	

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 14: Pension Plan (Continued)

<u>IPERS' Fiduciary Net Position</u> – Detailed information about IPERS' fiduciary net position is available in the separately issued IPERS financial report which is available on IPERS' website at <u>www.ipers.org</u>.

<u>Payables to IPERS</u> – All legally required County contributions and legally required employee contributions which had been withheld from employee wages were remitted by the County to IPERS by June 30, 2024.

Note 15: Other Postemployment Benefits (OPEB)

<u>Plan Description</u> – The County administers a single-employer benefit plan which provides medical, prescription drug and dental benefits for employees, retirees and their spouses. Group insurance benefits are established under Iowa Code Chapter 509A.13. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Governmental Accounting Standards Board Statement No. 75.

<u>OPEB Benefits</u> – Individuals who are employed by Cerro Gordo County, Iowa and are eligible to participate in the group health plan are eligible to continue healthcare benefits upon retirement. Retirees under age 65 pay the same premium for the medical, prescription drug and dental benefits as active employees, which results in an implicit rate subsidy and an OPEB liability.

Retired participants must be age 55 or older at retirement. At June 30, 2024, the following employees were covered by benefit terms:

Inactive Employees or Beneficiaries Currently Receiving Benefit Payments	10
Active Employees	217
Total	227_

Total OPEB Liability – The County's total OPEB liability of \$751,247 was measured as of June 30, 2024 and was determined by an actuarial valuation as of July 1, 2023.

Actuarial Assumptions – The total OPEB liability in the July 1, 2023 actuarial valuation was determined using the following actuarial assumptions and the entry age normal actuarial cost method, applied to all periods included in the measurement.

Rate of Inflation
(effective July 1, 2023)

Rate of Salary Increase
(effective July 1, 2023)

Discount Rate
(effective July 1, 2023)

Healthcare Cost Trend Rate
(effective July 1, 2023)

Healthcare Cost Trend Rate
(effective July 1, 2023)

<u>Discount Rate</u> – The discount rate used to measure the total OPEB liability was 4.75% which reflects the index rate for 20-year tax exempt general obligation municipal bonds with an average rating of AA/Aa or higher as of the measurement date.

Mortality rates are from the RP2014 Annuity Mortality Table. Annual retirement probabilities are based on varying rates by age and turnover probabilities mirror those used by IPERS.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 15: Other Postemployment Benefits (OPEB) (Continued)

Changes in the Total OPEB Liability

	Total OPEB Liability
Total OPEB Liability Beginning of Year	\$1,089,090
Changes for the Year:	
Service Cost	54,472
Interest	37,655
Differences Between Expected and Actual Experiences	(157,846)
Changes in Assumptions	(144,879)
Benefit Payments	(127,245)
Net Changes	(337,843)
Total OPEB Liability End of Year	\$751,247

Sensitivity of the County's Total OPEB Liability to Changes in the Discount Rate – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using a discount rate that is 1% lower (3.75%) or 1% higher (5.75%) than the current discount rate.

	1%	Discount	1%	
	Decrease	Rate	Increase	
	(3.75%)	(4.75%)	(5.75%)	_
Total OPEB Liability	\$818,043	\$751,247	\$692,367	

Sensitivity of the County's Total OPEB Liability to Changes in the Healthcare Cost Trend Rates – The following presents the total OPEB liability of the County, as well as what the County's total OPEB liability would be if it were calculated using healthcare cost trend rates that are 1% lower (5.00%) or 1% higher (7.00%) than the current healthcare cost trend rates.

		Healthcare		
	1%	Cost Trend	1%	
	Decrease	Rate	Increase	
	(5.00%)	(6.00%)	(7.00%)	_
Total OPEB Liability	\$669,858	\$751,247	\$848,976	

OPEB Income and Deferred Inflows of Resources Related to OPEB – For the year ended June 30, 2024, the County recognized OPEB income of \$103,962. At June 30, 2024, the County reported deferred inflows of resources related to OPEB from the following resources:

	Deferred Inflows of Resources
Differences Between Expected and Actual Experience Changes in Assumptions	(\$168,019) (134,396)
Changes in Assumptions	(\$302,415)

The amount reported as deferred inflows of resources related to OPEB will be recognized as OPEB income as follows:

Year Ending June 30,	Amount	
2025	(\$23,589)	
2026	(23,589)	
2027	(23,589)	
2028	(23,589)	
Thereafter	(208,059)	
Total	(\$302,415)	

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 16: Risk Management

Cerro Gordo County is a member of the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 803 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, employment practices liability, public officials liability, cyber liability and law enforcement liability. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual casualty operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses estimated for the fiscal year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained at a level determined by the Board not to exceed 300% of the basis rate.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses, reinsurance premiums, losses and loss expenses for property risks estimated for the fiscal year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the Pool are recorded as expenditures from its operating funds at the time of payment to the Pool. The County's annual contributions to the Pool for the year ended June 30, 2024 were \$530,838.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, employment practices, law enforcement, cyber and public officials' liability risks up to \$500,000 per claim. Claims exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate. Property and automobile physical damage risks are retained by the Pool up to \$500,000 each occurrence, each location. Property risks exceeding \$500,000 are reinsured through reinsurance and excess risk-sharing agreements up to the amount of risk-sharing protection provided by the County's risk-sharing certificate.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim, property loss or series of claims or losses exceeds the amount of risk-sharing protection provided by the County's risk-sharing certificate, or in the event a casualty claim, property loss or series of claims or losses exhausts the Pool's funds and any excess risk-sharing recoveries, then payment of such claims or losses shall be the obligation of the respective individual member against whom the claim was made or the loss was incurred.

The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such loss can be reasonably estimated. Accordingly, at June 30, 2024, no liability has been recorded in the County's financial statements. As of June 30, 2024, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Upon withdrawal, a formula set forth in the Pool's intergovernmental contract with its members is applied to determine the amount (if any) to be refunded to the withdrawing member.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$5,000,000 and \$100,000, (except for the Treasurer which is \$500,000) respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 17: Employee Health Insurance Plan

The Internal Service, Health Insurance Fund was established to account for the partial self-funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and is administered through a service agreement with Wellmark. The agreement is subject to automatic renewal provisions. The County assumes liability for claims up to the individual stop loss limitation of \$75,000. Claims in excess of coverage are insured through purchase of stop loss insurance.

Monthly payments of service fees and plan contributions to the Cerro Gordo County Health Insurance Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of service fees and claims processed are paid to Wellmark from the Cerro Gordo County Health Insurance Fund. The County's contribution to the fund for the year ended June 30, 2024 was \$3,211,160.

Amounts payable from the Cerro Gordo County Health Insurance Fund at June 30, 2024 total \$464,129, of which \$460,177 is for incurred but not reported (IBNR) and reported but not paid claims, \$3,757 is for reported claims and the remaining \$195 is for miscellaneous fees. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims, and to establish a reserve for catastrophic losses. That reserve was \$1,401,223 at June 30, 2024 and is reported as a designation of the Cerro Gordo County Health Insurance Fund Net Position. A liability has been established based on the requirements of Governmental Accounting Standards Board Statement No. 10, which requires a liability for claims be reported if information prior to the issuance of the financial statements indicates it is probable a liability has been incurred at the date of the financial statements and the amount of the loss can be reasonably estimated. Settlements have not exceeded the stop-loss coverage in any of the past three years. A reconciliation of changes in the aggregate liabilities for claims for the current year is as follows:

		Balance as	Current Year	Claims	Balance as
-		of July 1	Claims	Payments	of June 30
	2023-2024	\$641,854	\$2,385,535	\$2,567,212	\$460,177

Note 18: Tax Abatements

Governmental Accounting Standards Board Statement No. 77 defines tax abatements as a reduction in tax revenues that results from an agreement between one or more governments and an individual or entity in which (a) one or more governments promise to forgo tax revenues to which they are otherwise entitled and (b) the individual or entity promises to take a specific action after the agreement has been entered into that contributes to economic development or otherwise benefits the governments or the citizens of those governments.

County Tax Abatements

The County offered an urban revitalization tax abatement program pursuant to Chapter 404 of the Code of Iowa. With prior approval by the governing body, this program provides for an exemption of taxes based on a percentage of the actual value added by improvements. No other commitments were made by the County as part of these agreements.

For the year ended June 30, 2024, \$109,588 of property tax was diverted from the County under the County's urban revitalization tax abatement program.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 18: Tax Abatements (Continued)

Tax Abatements of Other Entities

Other entities within the County also provided tax abatements for urban renewal and economic development projects pursuant to Chapters 15 and 403 of the Code of Iowa.

Property tax revenues of the County were reduced by the following amounts for the year ended June 30, 2024 under agreements entered into by the following entities:

Entity	Tax Abatement Program	Amount of Tax Abated
City of Mason City	Urban renewal and economic development projects	\$261,632
City of Clear Lake	Urban renewal and economic development projects	157,242
City of Rockwell	Urban renewal and economic development projects	2,641

Note 19: Closure and Postclosure Care Costs

Cerro Gordo County is a member of the Landfill of North Iowa. The Landfill of North Iowa is an inter-governmental agency established in accordance with the provisions of Chapter 28E of the State Code of Iowa (Inter-governmental Cooperation Agreement). The purpose of the agency is to provide for the economic disposal or collection and disposal of all solid waste produced or generated within each member city, town, and the unincorporated portion of Cerro Gordo County, comprising the municipalities. In performing its duties, the agency may contract with and expend funds from federal, state, and local agencies and private individuals and corporations.

State and federal laws and regulations require the agency to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, state laws require the agency to submit a closure and postclosure plan detailing the schedule for and the methods by which the operator will meet the conditions for proper closure and postclosure. The agency is in compliance with this requirement. On June 30, 2024, the County did not anticipate any additional assessments for closure and postclosure care costs.

Note 20: Related Party Transactions

Business transactions between the County and County officials or employees were noted. The transactions appear to be authorized in accordance with Chapter 331.342 of the Code of Iowa because the transaction totals were less than \$6,000 for the fiscal year.

Note 21: Commitments and Contingencies

The County participates in a number of federally assisted grant programs. The programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agency is not determinable at this time; however, County officials do not believe that such amounts would be significant.

The County has continued construction of the Prairie Land Trail. As of June 30, 2024, costs of \$2,357,881 have been incurred on the project. The Secondary Roads department is in the process of constructing a new maintenance shed. As of June 30, 2024, costs of \$3,278,967 have been incurred. The balances on the projects will be paid as work on the projects progress.

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 21: Commitments and Contingencies (Continued)

The County has entered into a contract with Kingland Construction for the construction of a conservation building. As of June 30, 2024, costs of \$465,741 have been incurred. The County is in the process of acquiring land. At June 30, 2024, costs of \$13,115 have been incurred on the purchase. The County is remodeling the SEH building and the courthouse entry. As of June 30, 2024, costs of \$35,692 and \$7,106 have been incurred respectively on these projects.

Note 22: Early Childhood Iowa Area Board

Cerro Gordo County is the fiscal agent for the Cerro Gordo, Hancock, Worth Early Childhood Iowa Area Board (North Iowa Children's Alliance), an organization formed pursuant to the provisions of Chapter 256I of the Code of Iowa. The Area Board receives state grants to administer early childhood and school ready programs. Financial transactions of the Area Board are included in the County's financial statements as part of the Other Custodial Funds because of the County's fiduciary relationship with the organization. The Area Board's financial data for the year ended June 30, 2024 is as follows:

	Early Childhood	School Ready	Total
Revenues:			
State Grants:			
Early Childhood	\$97,271	\$0	\$97,271
Quality Improvement	0	54,241	54,241
Allocation for Administration	4,900	22,132	27,032
School Ready General Use	0	367,827	367,827
Total State Grants	102,171	444,200	546,371
Interest on Investments	14	86	100
Total Revenues	102,185	444,286	546,471
Expenditures:			
Program Services:			
Early Childhood	100,102	0	100,102
Quality Improvement	0	52,915	52,915
School Ready General Use	0	349,085	349,085
Total Program Services	100,102	402,000	502,102
Administration	1,781	10,831	12,612
Total Expenditures	101,883	412,831	514,714
Change in Fund Balance	302	31,455	31,757

Net Position End of Year	\$7,588	\$64,638	\$72,226

NOTES TO FINANCIAL STATEMENTS June 30, 2024

Note 23: Newman Catholic School System Obligations

For the purpose of securing and developing industry and trade within or near the County in order to create jobs and employment opportunities and to improve the welfare of the residents of the County and the State, the County has issued revenue notes through two separate issuances (Series 2023 and Series 2024) that provide capital financing to the Newman Catholic School System for the refunding of Private School Facility Revenue Notes previously issued and for current capital improvement projects at the middle school and high school facilities. The properties financed are pledged as collateral and the revenue notes are payable solely from payments received from Newman Catholic School System. In addition, no commitments beyond the collateral, the payments from Newman Catholic School System and maintenance of the tax-exempt status of the conduit debt obligation were extended by Cerro Gordo County for any of these revenue notes. At June 30, 2024, the revenue notes have aggregate outstanding principal amounts payable of \$10,000,000 and \$2,353,527.

Note 24: Special Investigation

In addition to the audit engagement performed for Cerro Gordo County for the year ended June 30, 2024, the Office of Auditor of State performed a special investigation of the Cerro Gordo County Auditor for the period of January 1, 2021 through April 30, 2024. The Auditor of State has issued their report, which was released on December 19, 2024. The Special Investigation Report is available on the Office of Auditor of State's website.

Note 25: Subsequent Events

Management has evaluated subsequent events through December 20, 2024, the date which the financial statements were available to be issued.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING June 30, 2024

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the modified accrual basis following required public notice and hearing for all funds, except blended component units, drainage districts, the Internal Service Funds and Custodial Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon nine major classes of expenditures known as functions, not by fund. These nine functions are: public safety and legal services, physical health and social services, county environment and education, roads and transportation, governmental services to residents, administration, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the general fund, special revenue funds, debt service fund and capital projects funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. Legal budgetary control is also based upon the appropriation to each office or department. During the year, one budget amendment increased budgeted revenues and expenditures by \$2,321,290 and \$1,41,948 respectively. The budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Assessor by the County Conference Board, for the 911 System by the Joint 911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2024, disbursements did not exceed the amounts budgeted.

SCHEDULE OF COUNTY'S PROPORTIONATE SHARE OF THE NET PENSION LIABILITY (ASSET) IOWA PUBLIC EMPLOYEES' RETIREMENT SYSTEM - FOR THE LAST TEN YEARS* REQUIRED SUPPLEMENTARY INFORMATION

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – PENSION LIABILITY YEAR ENDED JUNE 30, 2024

Changes of Benefit Terms:

There are no significant changes in benefits terms.

Changes of Assumptions:

The 2022 valuation incorporated the following refinements after a quadrennial experience study:

- Changed mortality assumptions to the PubG-2010 mortality tables with mortality improvements modeled using Scale MP-2021.
- Adjusted retirement rates for Regular members.
- Lowered disability rates for Regular members.
- Adjusted termination rates for all membership groups.

The 2018 valuation implemented the following refinements as a result of a demographic assumption study dated June 28, 2018:

- Changed mortality assumptions to the RP-2014 mortality tables with mortality improvements modeled using Scale MP-2017.
- Adjusted retirement rates.
- Lowered disability rates.
- Adjusted the probability of a vested Regular member electing to receive a deferred benefit.
- Adjusted the merit component of the salary increase assumption.

The 2017 valuation implemented the following refinements as a result of an experience study dated March 24, 2017:

- Decreased the inflation assumption from 3.00% to 2.60%.
- Decreased the assumed rate of interest on member accounts from 3.75% to 3.50% per year.
- Decreased the discount rate from 7.50% to 7.00%.
- Decreased the wage growth assumption from 4.00% to 3.25%.
- Decreased the payroll growth assumption from 4.00% to 3.25%.

⁽¹⁾ Net Taxable Value is the value on which real estate taxes are calculated and on which budgets of the various Levy Authorities are based. For property valued by local assessors, total taxable value is the actual value of property multiplied by the statewide rollback rate that is determined annually by the Iowa Department of Management.

⁽²⁾ Other Property includes utility property, railroad property, and gas and electric utility property, all of which are valued by the Iowa Department of Management. All other property classes are valued by the local assessor.

^{(3) 2013} Iowa Acts Senate File 295 created a new property classification, multiresidential, for property valuations established on or after January 1, 2015. Beginning with fiscal year ended June 30, 2024, House File 418 removed the multiresidential property classification by reclassifying those properties as residential property.

⁽¹⁾ Beginning in 2012, Nora Springs-Rock Falls School District and North Central School District consolidated. However, each school has its own property tax rate.

⁽²⁾ In 2016, Clear Lake Township divided its township according to the fire department service area.

⁽³⁾ There is only one tax rate for the Central Springs School District beginning in 2016.

⁽⁴⁾ On 7/1/2015, the Ventura School District and the Garner-Hayfield School District consolidated to form the Garner-Hayfield-Ventura School District.

⁽⁵⁾ Beginning 7/1/2019, Forest City Schools combined with Woden-Crystal Lake schools. However, the school name remains Forest City.

⁽⁶⁾ Beginning 7/1/2022, Grant Township divided its township according to school and fire department area.

SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS

Year Ended June 30, 2024 (Continued)

Basis of Presentation – The accompanying Schedule of Expenditures of Federal Awards (Schedule) includes the federal award activity of Cerro Gordo County under programs of the federal government for the year ended June 30, 2024. The information in this Schedule is presented in accordance with the requirements of Title 2, U.S. Code of Federal Regulations, Part 200, Uniform Administrative Requirements, Cost Principles and Audit Requirements for Federal Awards (Uniform Guidance). Because the Schedule presents only a selected portion of the operations of Cerro Gordo County, it is not intended to and does not present the financial position, changes in financial position or cash flows of Cerro Gordo County.

<u>Summary of Significant Accounting Policies</u> – Expenditures reported in the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement.

Indirect Cost Rate - Cerro Gordo County has elected not to use the 10% de minimis indirect cost rate as allowed under the Uniform Guidance.

See Accompanying Independent Auditor's Report.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Officials of Cerro Gordo County Mason City, Iowa

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise Cerro Gordo County, Iowa's basic financial statements and have issued our report thereon dated December 20, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Cerro Gordo County, Iowa's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control. Accordingly, we do not express an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We identified certain deficiencies in internal control, described in the accompanying Schedule of Findings and Questioned Costs as items 2024-001 and 2024-002 that we consider to be material weaknesses.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cerro Gordo County, Iowa's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, non-compliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance or other matters that are required to be reported under *Government Auditing Standards*. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2024 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Cerro Gordo County, Iowa's Responses to Findings

Carelines + Company, P.C.

Government Auditing Standards requires the auditor to perform limited procedures on Cerro Gordo County, Iowa's responses to the findings identified in our audit and described in the accompanying Schedule of Findings and Questioned Costs. Cerro Gordo County, Iowa's responses were not subjected to the other auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on the responses.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Charles City, Iowa

December 20, 2024

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR FEDERAL PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

To the Officials of Cerro Gordo County Mason City, Iowa

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited Cerro Gordo County, Iowa's compliance with the types of compliance requirements identified as subject to audit in the *OMB Compliance Supplement* that could have a direct and material effect on Cerro Gordo County, Iowa's major federal program for the year ended June 30, 2024. Cerro Gordo County, Iowa's major federal program is identified in Part I of the accompanying Schedule of Findings and Questioned Costs.

In our opinion, Cerro Gordo County, Iowa complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2024.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of Cerro Gordo County, Iowa and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of Cerro Gordo County, Iowa's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Cerro Gordo County, Iowa's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on Cerro Gordo County, Iowa's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America, Government Auditing Standards, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about Cerro Gordo County, Iowa's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with auditing standards generally accepted in the United States of America, Government Auditing Standards, and the Uniform Guidance, we:

- · Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding Cerro Gordo County, Iowa's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of Cerro Gordo County, Iowa's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of Cerro Gordo County, Iowa's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, non-compliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2024-003 to be a material weakness.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on Cerro Gordo County, Iowa's response to the internal control over compliance findings identified in our audit described in the accompanying Schedule of Findings and Questioned Costs. Cerro Gordo County, Iowa's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Charles City, Iowa

Campany, P.C.

December 20, 2024

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2024

Part I: Summary of the Independent Auditor's Results:

- a. Unmodified opinions were issued on the financial statements prepared in accordance with accounting principles generally accepted in the United States of America.
- b. Material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- c. The audit did not disclose any non-compliance which is material to the financial statements.
- d. A material weakness in internal control over the major program was disclosed by the audit of the financial statements.
- e. An unmodified opinion was issued on compliance with requirements applicable to the major program.
- f. The audit disclosed audit findings which are required to be reported in accordance with the Uniform Guidance, Section 200.516.
- g. The major program was Assistance Listing Number 21.027 COVID-19, Coronavirus State and Local Fiscal Recovery Funds.
- h. The dollar threshold used to distinguish between Type A and Type B programs was \$750,000.
- i. Cerro Gordo County did not qualify as a low-risk auditee.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2024

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

2024-001 Segregation of Duties

<u>Criteria</u> – Management is responsible for establishing and maintaining internal control. A good system of internal control provides for adequate segregation of duties so no one individual handles a transaction from its inception to completion. In order to maintain proper internal control, duties should be segregated so the authorization, custody and recording of transactions are not under the control of the same employee. This segregation of duties helps prevent losses from employee error or dishonesty and maximizes the accuracy of the County's financial statements.

Condition – Various functions of the County Offices are performed by the same person.

Cause - Limited staff available to segregate duties.

<u>Effect</u> – Inadequate segregation of duties could adversely affect the County's ability to prevent or detect and correct misstatements, errors or misappropriation on a timely basis by employees in the normal course of performing their assigned functions.

Recommendation - We realize that with a limited number of office employees, segregation of duties is difficult. However, each County official should review the operating procedures of their office to obtain the maximum internal control possible under the circumstances utilizing current staff, including Elected Officials.

<u>Response and Corrective Action Planned</u> - We have reviewed procedures and plan to make the necessary changes to improve internal control. We plan to implement these changes as soon as possible.

<u>Conclusion</u> – Response accepted.

2024-002 Financial Reporting

<u>Criteria</u> – A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements of the financial statements on a timely basis. Properly designed policies and procedures and implementation of the policies and procedures are an integral part of ensuring the reliability and accuracy of the County's financial statements.

<u>Condition</u> – A material receipt was incorrectly classified as proceeds from sale of capital assets in the Capital Projects Fund. Material amounts of accounts receivable and deferred inflows of resources for the Opioid Settlement Fund and for the Secondary Roads Fund were not properly recorded in the County's financial statements. Adjustments were subsequently made by the County to properly classify and include these amounts in the financial statements.

<u>Cause</u> – County policies do not require, and procedures have not been established to require independent review of year end cut-off transactions to ensure the County's financial statements are accurate and reliable.

Effect – Lack of policies and procedures resulted in County employees not detecting the errors in the normal course of performing their assigned functions. As a result, material adjustments to the County's financial statements were necessary.

<u>Recommendation</u> – The County should establish procedures to ensure all receipts, accounts receivable and deferred inflows of resources are identified, properly classified and recorded in the County's financial statements.

Response and Corrective Action Planned - We will revise our current procedures to ensure the proper amounts are recorded in the financial statements in the future.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2024

Part II: Findings Related to the Financial Statements (Continued):

Conclusion - Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were noted.

INTERNAL CONTROL DEFICIENCIES:

Assistance Listing Number 21.027: COVID-19, Coronavirus State and Local Fiscal Recovery Funds

Federal Award Year: 2024

Prior Year Finding Number: 2023-003

U.S. Department of Treasury

2024-003 <u>Segregation of Duties over Federal Revenues</u> – Duties related to the custody, recordkeeping and reconciling of federal awards are not properly segregated by the County. See item 2024-001.

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2024

Part IV: Other Findings Related to Required Statutory Reporting:

- 2024-A Certified Budget Disbursements during the year ended June 30, 2024 did not exceed the amounts budgeted.
- 2024-B <u>Questionable Expenditures</u> In accordance with Article III, Section 31 of the Iowa Constitution and an Attorney General's opinion dated April 25, 1979, public funds may only be spent for public benefit. No expenditures were noted which we believe may not meet the requirements of public purpose as defined in the Attorney General's opinion since the public benefits to be derived have not been clearly documented.
- 2024-C <u>Travel Expense</u> No expenditures of County money for travel expenses of spouses of County officials or employees were noted.
- 2024-D <u>Business Transactions</u> The following business transactions between the County and County officials or employees were noted:

Name, Title and Business Connection	Transaction	Amount
Tracie Siemers, Auditor's Office		
Steve Siemers, Spouse	Snow Removal	\$923

In accordance with Chapter 331.342 of the Code of Iowa, the transactions with Steve Siemers do not appear to represent conflicts of interest since total transactions were less than \$6,000 during the fiscal year.

- 2024-E Restricted Donor Activity No transactions were noted between the County, County officials, County employees and restricted donors in compliance with Chapter 68B of the Code of Iowa.
- 2024-F **Bond Coverage** Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of all bonds should be periodically reviewed to ensure that the coverage is adequate for current operations.
- 2024-G Board Minutes No transactions were found that we believe should have been approved in the Board minutes but were not.
- 2024-H **Deposits and Investments** No instances of non-compliance with the deposit and investment provisions of Chapters 12B and 12C of the Code of Iowa and the County's investment policy were noted.
- 2024-I Resource Enhancement and Protection Certification The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).

SCHEDULE OF FINDINGS AND QUESTIONED COSTS YEAR ENDED JUNE 30, 2024

Part IV: Other Findings Related to Required Statutory Reporting: (Continued)

- 2024-J <u>Early Childhood Iowa Area Board</u> Cerro Gordo County is the fiscal agent for the Cerro Gordo, Hancock, Worth Early Childhood Iowa Area Board, an organization formed pursuant to the provisions of Chapter 256I of the Code of Iowa. Financial transactions of the Area Board are included in the County's financial statements as part of the Other Custodial Funds because of the County's fiduciary relationship with the organization.
- 2024-K Tax Increment Financing There were no payments made from the Special Revenue, Tax Increment Financing Fund. For the year ended June 30, 2024, the County Auditor prepared a reconciliation for each City reconciling TIF receipts with total outstanding TIF debt.
- 2024-L <u>Annual Urban Renewal Report</u> The Annual Urban Renewal Report was properly approved and certified to the Iowa Department of Management on or before December 1 with no exceptions noted.
