December 22, 2011

County Board of Supervisors and Citizens
Cerro Gordo County, Iowa

The Comprehensive Annual Financial Report (CAFR) for the County of Cerro Gordo, Iowa (the "County") for the fiscal year ended June 30, 2011, is hereby submitted in accordance with the provisions of Section 331.403 of the Code of Iowa.

This report consists of management's representations concerning the finances of the County. Consequently, management assumes full responsibility for the completeness and reliability of all of the information presented in this report. To provide a reasonable basis for making these representations, management of the County has established a comprehensive internal control framework that is designed both to protect the government's assets from loss, theft, or misuse and to compile sufficient reliable information for the preparation of the County's financial statements in conformity with generally accepted accounting principles (GAAP). Because the cost of internal controls should not outweigh their benefits, the County's comprehensive framework of internal controls has been designed to provide reasonable rather than absolute assurance that the financial statements will be free from material misstatement. As management, we assert that, to the best of our knowledge and belief, this financial report is complete and reliable in all material respects.

The County's financial statements have been audited by Gardiner Thomsen PC, a firm of licensed certified public accountants. The goal of the independent audit was to provide reasonable assurance that the financial statements of the County for the fiscal year ended June 30, 2011 are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor issued an unqualified opinion on the County's financial statements for the fiscal year ended June 30, 2011, indicating that they are fairly presented in conformity with GAAP. The independent auditor's report is presented as the first component of the financial section of this report.

The independent audit of the financial statements of the County was part of a broader, federally mandated "Single Audit" designed to meet the special needs of federal grantor agencies. The standards governing Single Audit engagements require the independent auditor to report not only on the fair presentation of the financial statements, but also on the audited government's internal controls and compliance with legal requirements, with special emphasis on internal controls and legal requirements involving the administration of federal awards. These reports are available in the County's separately issued Single Audit Report.

GAAP requires that management provide a narrative introduction, overview, and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement MD&A and should be read in conjunction with it. The County's MD&A can be found immediately following the report of the independent auditors.

Profile of Cerro Gordo County

Organized in 1855, Cerro Gordo County is governed by a three-member board, each board member elected by citizens in one of the three districts. Board members serve overlapping four-year terms, with elections held every two years. The Board is the legislative body of the County, which annually adopts a budget and establishes tax rates to support County programs.

The County provides a full range of services to its citizens. These services include public safety, parks, planning and zoning, service to people with mental disabilities, construction and maintenance of secondary roads, physical health and social services, property assessment and taxation, and general administrative services. The County also provides a management information services department utilized by other governmental entities.

The Board of Supervisors is required to adopt a final budget by no later than March 15th for the fiscal year beginning the following July 1st. This annual budget serves as the foundation for the County's financial planning and control. The State of Iowa requires the adoption of an annual budget with total County operating expenditures listed by major program service area. Activities of the general fund, special revenue funds, capital projects funds, and debt service fund are included in the annual appropriated budget. The level of budgetary control (that is, the level at which expenditures cannot legally exceed the appropriated amount) is at the total function/program service area level. In addition, individual County officials' expenditures cannot exceed the amounts appropriated by the Board.

Local Economy

Cerro Gordo County, with the Cities of Mason City, Clear Lake, and eight smaller cities, has the thirteenth largest population of ninety-nine counties in the state, and serves as a regional center for north central Iowa in the areas of commerce, industry, retail shopping, higher education, and health care services. The surrounding area has an economic base that is historically agricultural in nature, but Cerro Gordo County also has several strong industries and commercial enterprises. With a usually low rate of unemployment and the lack of a single, dominant employer, the economy of the area is generally dynamic, robust, and broad-based. The City of Mason City is the largest city in Cerro Gordo County, with about two-thirds of the County's 44,000 population.

Tourism is an important industry in Cerro Gordo County, largely due to Clear Lake, which, at 3,865 acres, is the third largest natural lake in Iowa, and is the namesake of the surrounding city. According to figures from the Iowa Department of Economic Development, the County ranks tenth in the state for tourism expenditures with more than \$152 million in annual spending, resulting in more than 1,500 tourism related jobs.

Although educational systems in the entire north central Iowa area are well known for their quality of education, Cerro Gordo County has become a regional center for higher learning. Drake University of Des Moines offers several programs at the Masters level in coordination with the North Iowa Area Community College (NIACC). This adds to the wide range of baccalaureate programs offered at NIACC by Buena Vista College of Storm Lake, and Kaplan University, which offers AAS and BA degrees.

Cerro Gordo County serves as a regional hub for transportation with an airport, three railroad branch lines, Interstate 35, which runs north-south the length of the County, and the “Avenue of the Saints”, the link between Interstates 35 and 80.

The County is a regional center for health care services. The City of Mason City has the third highest number of physicians per capita in the State, trailing only the Cities of Des Moines and Iowa City. Mercy Medical Center - North Iowa is the County’s largest employer with two facilities and with affiliated clinics and hospitals in a 14-county region.

In general economic news for the fiscal year, the number of persons employed in the county went from 25,050 to 25,180, an increase of 0.5% from February 2009 to February 2010, according to figures from Iowa Workforce Development. With high grain prices the agricultural economy of the area has been strong and stable; however, the national recession affected local industries and businesses during the fiscal year.

The City of Mason City’s cost of living for the second quarter of 2010 was 90.9% of the national average, according to the ACCRA Cost of Living Index, ranking it the lowest cost of living for all Iowa communities that participate in the ACCRA index.

Major Initiatives

In April 2011 the County filed formal copyrights to two computer software programs, the “Precinct Atlas” and the “Absentee Precinct Atlas”. The programs were developed by the MIS programming staff and used for the first time at a special election for the Mason City Community School District in February, 2009. The County partnered with the Iowa Secretary of State to offer the program at no cost to other counties later that year. By the June 2011, forty-nine counties, including Cerro Gordo, had used the program in one or more precincts.

The County received two awards during the fiscal year for the Precinct Atlas. In August 2010 the County received the Stars and Stripes Award, one of only five awards that year from The Election Center, the national association of election officials. In November the Precinct Atlas received a 2010 Excellence in Action Award from the Iowa State Association of Counties.

Shortly after taking office in January 2011, the new secretary of state notified the County his office would no longer be an active partner in the distribution and support to other counties of the Precinct Atlas. In May 2011 he threatened to shut down use of the program statewide unless his office took over its control. The County employed its copyright attorney to defend the copyrights and the use of the program. The County also initiated formation of an association of counties for distribution, development of additional functionality, and support to counties for hardware and technical issues. By the end of June 2011, thirty-nine counties had each signed a Memorandum of Understanding with the County for support of the programs.

During the fiscal year the Iowa State Patrol moved into their new regional headquarters on the south end of Mason City, leaving the old, county-owned headquarters vacant. Shortly after the start of the fiscal year the Cerro Gordo County Central Point of Coordination Department and the County Social Services agency moved into the building. The board of supervisors also approved remodeling to convert the former NIACOG building into an election annex to house and further remodeling to move the county attorney’s office from the courthouse basement to the third floor offices vacated when the sheriff’s office moved to the Law Enforcement Center.

During the fiscal year the County refinanced the \$2 million remaining jail bonds, for an estimated interest savings of \$70,000.

Long-Term Financial Planning

The County is continuing to develop strategies for improving service, quality and efficiency. The Board utilizes a long term fiscal policy and continues its strategic planning process. The County's secondary road system is also being continually reviewed. The County Engineer has developed a long-range five-year plan addressing how much additional funding will be required to maintain the quality of the County's roads and bridges.

Relevant Financial Policies

It is Cerro Gordo County's policy to use its share of local option sales and service taxes in the following allocation:

In FY2011, Cerro Gordo County received a total of \$1,650,341 in local option sales and service taxes.

Awards and Acknowledgements

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to Cerro Gordo County, Iowa for its comprehensive annual financial report for the fiscal year ended June 30, 2010. This was the fifteenth consecutive year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

The preparation of the Comprehensive Annual Financial Report on a timely basis could not have been completed without the cooperation and services of the staffs of the County Auditor's and Treasurer's offices. Gratitude is also expressed to the independent auditors, Gardiner Thomsen, who provided endless support and assistance in preparing this report, and to the Cerro Gordo County Board of Supervisors for their interest and support.

Respectfully submitted,

A handwritten signature in black ink, reading "Heather R. Mathre". The script is cursive and fluid, with the first letters of each word being capitalized and prominent.

INDEPENDENT AUDITORS' REPORT

To the Officials of Cerro Gordo County
Mason City, Iowa

We have audited the accompanying financial statements of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements listed in the table of contents. These financial statements are the responsibility of Cerro Gordo County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with U.S. generally accepted auditing standards, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County at June 30, 2011, and the respective changes in financial position and cash flows, where applicable, for the year then ended in conformity with U.S. generally accepted accounting principles.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 22, 2011 on our consideration of Cerro Gordo County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis, Budgetary Comparison Information and Schedule of Funding Progress for the Retiree Health Plan on pages 10 through 20 and 51 through 54 are not required parts of the basic financial statements, but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. We did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cerro Gordo County's basic financial statements. We previously audited, in accordance with the standards referred to in the second paragraph of this report, the financial statements for the ten years ended June 30, 2010 (which are not presented herein) and expressed unqualified opinions on those financial statements. The combining and nonmajor fund financial statements and other schedules, listed in the table of contents as supplementary information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

The accompanying introductory and statistical sections, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information has been compiled from County records by County personnel, has not been subjected to the auditing procedures applied in our audit of the basic financial statements and, accordingly, we express no opinion on them.

December 22, 2011

Gardiner Thomsen, P.C.

MANAGEMENT'S DISCUSSION AND ANALYSIS

Cerro Gordo County provides this Management's Discussion and Analysis of its financial statements. This narrative overview and analysis of the financial activities is for the fiscal year ended June 30, 2011. We encourage readers to consider the information presented here in conjunction with additional information presented in the transmittal letter beginning on page 4, and the County's financial statements, which follow.

FINANCIAL HIGHLIGHTS

- ◆ Cerro Gordo County governmental fund revenues decreased 15% or \$4,754,021 from \$31,624,003 in fiscal year 2010 (FY10) to \$26,869,982 in fiscal year 2011 (FY11). Property taxes and other county taxes increased \$179,562, local option sales tax dollars increased \$225,685, intergovernmental revenues decreased \$4,425,825, licenses and permits decreased \$286,860, and miscellaneous revenue decreased \$508,937 from FY10.
- ◆ Cerro Gordo County governmental fund expenditures for FY11 were \$28,160,791, a decrease of \$4,332,618 from \$32,493,409 in FY10. This decrease was primarily contributable to a decrease of \$5,264,878 in mental health due to the creation of the County Social Services (CSS) Agency. CSS is a joint five-county agency that efficiently and effectively provides mental health and disability services mandated by the State of Iowa. The Agency accounts for the majority of the mental health expenditures and revenues that counties previously accounted for.
- ◆ The assets of the county exceeded liabilities at fiscal year ended June 30, 2011 by \$45,029,138 (net assets). Of this amount, \$5,014,781 is unrestricted and may be used to meet the County's ongoing obligations. For fiscal year ended June 30, 2010, assets exceeded liabilities by \$43,781,661, of which \$5,265,374 was unrestricted
- ◆ Cerro Gordo County's net assets increased 2.8% or approximately \$1,247,477 at June 30, 2011. Government activities increased \$1,319,168 and business-type activities decreased by \$71,691. For fiscal year ended June 30, 2010, total net assets increased \$446,986. Governmental activities increased \$513,691 and business-type activities decreased \$66,705.
- ◆ Cerro Gordo County's governmental funds reported combined ending fund balances of \$14,506,623, an increase of \$932,803 in comparison with the FY10 fund balances of \$13,573,820. Approximately 31.2% of the total amount, \$4,550,586, is the County's unassigned fund balance.
- ◆ Cerro Gordo County's general long-term debt, excluding compensated absences, termination benefits, and claims payable, decreased \$541,936 during the fiscal year, from \$11,989,355 in FY10 to \$11,447,419 in FY11. This change was due to scheduled payments during FY11. During the year, the County refunded \$2,470,000 General Obligation Capital Loan Notes with the issuance of \$2,000,000 General Obligation Crossover Refunding Capital Loan Notes.

USING THIS ANNUAL REPORT

The annual report consists of a series of financial statements and other information, as follows:

Management's Discussion and Analysis introduces the basic financial statements and provides an analytical overview of the government's financial activities.

The Government-wide Financial Statements consist of the Statements of Net Assets and the Statement of Activities (on pages 21-23). These provide information about the activities of the County as a whole and present a longer-term view of the County's finances.

The Fund Financial Statements (starting on page 24) tell how government services were financed in the short term as well as what remains for future spending. Fund financial statements report Cerro Gordo County's operations in more detail than the government-wide statements by providing information about the most significant funds. The remaining statements provide financial information about activities for which Cerro Gordo County acts solely as an agent or custodian for the benefit of those outside of the government.

The Financial Statements also include notes that explain some of the information in the statements and provide more detailed data. The statements are followed by a section of required supplementary information that further explains and supports the financial statements with a comparison of the County's budget for the year.

Notes to the Financial Statements provide additional information that is essential to a full understanding of the data provided in the basic financial statements.

Supplemental Information provides detailed information about the nonmajor special revenue and the individual fiduciary funds.

Reporting the County as a Whole

Statement of Net Assets and the Statement of Activities

One of the most important questions asked about the County's finances is, "Is the County as a whole better off or worse off as a result of the year's activities?" The Statement of Net Assets and the Statement of Activities report information about activities in a way that helps answer this question. These statements include all assets and liabilities using the accrual basis of accounting and the economic resources measurement focus. This is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account regardless of when cash is received or paid.

The Statement of Net Assets presents all of the County's assets and liabilities, with the difference between the two reported as "net assets". Over time, increases or decreases in the County's net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The Statement of Activities presents information showing how the County's net assets changed during the fiscal year. All changes in net assets are reported as soon as the event or change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will not result in cash flows until future fiscal periods.

The County's governmental activities are displayed in the Statement of Net Assets and the Statement of Activities. Governmental activities include public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, government services to residents, administration or general government, interest on long-term debt, and other non-program activities. Property taxes and state and federal grants finance most of these activities.

Fund Financial Statements

The fund financial statements begin on page 24 and provide detailed information about individual, significant funds; not the County as a whole. Some funds are required to be established by Iowa law or by bond covenants. However, the County establishes many other funds to help it control and manage money for particular purposes.

Cerro Gordo County has three kinds of funds:

1) Governmental funds account for most of the County's basic services, which focus on how money flows into and out of those funds and the balances left at year-end that are available for spending. These governmental funds include 1) General Fund, 2) Special Revenue Funds, 3) Debt Service Fund, and 4) Capital Projects Fund. These funds are reported using the modified accrual basis of accounting, which measures cash and all other financial assets that can readily be converted to cash. The government fund statements provide a detailed short-term view of the County's general governmental operations and the basic service it provides. Governmental fund information helps you determine whether there are more or fewer financial resources that can be spent in the near future to finance the County's programs.

The governmental funds required financial statements include a balance sheet and a statement of revenues, expenditures, and changes in fund balances.

- 2) Cerro Gordo County maintains two types of proprietary funds: internal service funds and enterprise funds.
- a) Cerro Gordo County has two internal service funds: Central Services Fund and Health Insurance Fund. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions.
 - b) Enterprise funds are used to account for operations that are financed and operated in a manner similar to a private business. Cerro Gordo County maintains two enterprise funds: Meservey Wastewater Collection & Treatment Facility and Swaledale Wastewater Collection & Treatment Facility.

The proprietary funds required financial statements include a statement of net assets, a statement of revenues, expenses, and changes in fund net assets, and a statement of cash flows.

- 3) Fiduciary funds are used to report assets held in a trust or agency capacity for others and cannot be used to support the government's own programs. These fiduciary funds include agency funds that account for emergency management, county assessor, and city assessor to name a few.

The fiduciary funds required financial statements include a statement of fiduciary assets and liabilities.

Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the basic financial statements. The notes to the financial statements can be found beginning on page 34.

Supplemental Information

The supplemental information begins on page 55 and provides detailed information about the non-major governmental funds and the individual fiduciary funds. In addition, the Single Audit Section provides details of the various Federal awards received by the County.

GOVERNMENT-WIDE FINANCIAL ANALYSIS

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. Cerro Gordo County's net assets increased \$1,247,477 from \$43,781,661 to \$45,029,138. The analysis below focuses on the net assets and changes in net assets of our government and business-type activities.

Cerro Gordo County's Net Assets June 30, 2011

	Governmental Activities		Business-Type Activities		Total	
	2011	2010	2011	2010	2011	2010
Current and other assets	\$31,044,637	\$31,335,092	\$96,608	\$94,090	\$31,141,245	\$31,429,182
Capital assets	42,026,702	41,575,920	1,897,255	1,982,538	43,923,957	43,558,458
Total assets	73,071,339	72,911,012	1,993,863	2,076,628	75,065,202	74,987,640
Long-term debt outstanding	11,954,538	11,981,085	547,988	557,967	12,502,526	12,539,052
Other liabilities	17,522,865	18,655,159	10,673	11,768	17,533,538	18,666,927
Total liabilities	29,477,403	30,636,244	558,661	569,735	30,036,064	31,205,979
Net assets:						
Invested in capital assets, net of related debt	30,961,033	29,988,315	1,339,288	1,414,592	32,300,321	31,402,907
Restricted	7,714,036	7,113,380	0	0	7,714,036	7,113,380

Total net assets	\$43,593,936	\$42,274,768	\$1,435,202	\$1,506,893	\$45,029,138	\$43,781,661

The largest portion of the County's net assets, 71.7%, is the Invested in Capital Assets (e.g., land, infrastructure, buildings, and equipment), less the related debt. The County uses these capital assets to provide services to citizens, therefore, these assets are not available for future spending. Although the County's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be liquidated to cover the liabilities.

A restricted portion of the County's net assets, 17.1% or \$7,714,036, represents resources that are subject to external restrictions, constitution provisions, or enabling legislation on how they can be used. The remaining balance of unrestricted net assets – the part of net assets that can be used to finance day-to-day operations without constraints established by debt covenants, enabling legislation, or other legal requirements – is \$5,014,781 or 11.2%.

The County's net assets increased by \$1,247,477 during the current fiscal year. The governmental-type activities increased by \$1,319,168 and the business-type activities decreased \$71,691.

The following table highlights the County's revenues and expenses for the fiscal year ended June 30, 2011 and 2010. These two main components are subtracted to yield the change in net assets. This table utilizes the full accrual method of accounting. Revenue is further divided into two major components: Program Revenue and General Revenue. Program Revenue is defined as charges for services and sales and services, operating grants and contributions and capital grants and contributions. General Revenue includes taxes, investment income and other unrestricted revenue sources.

Revenues by Type

Expenses by Program

Governmental Activities

Revenues for governmental activities decreased 18.8% or \$6,310,414 over the prior year. Charges for services decreased \$827,935, due primarily to the mental health service revenues being accounted for within the County Social Services (CSS) Agency. The County's operating grants and contributions decreased \$1,057,029 due to a reduction of the mental health grants and contributions received from the State in FY11. These mental health grants and contributions are now being received by the CSS Agency. Capital grants and contributions had the largest decrease of \$4,942,685 over the prior year's amount of \$5,371,687. Roads and transportation received less grants in FY11, and there was a change in accounting for the community development block grant funds that pass-through the county for projects relating to the flood of June 2008. Beginning July 1, 2010 these funds were no longer accounted for within the governmental funds, but rather an agency fund. Property tax revenues increased \$184,870 due to an increase in the taxable value in the county. Unrestricted investment earnings decreased \$23,931 due to lower investment rate of return.

The cost of all governmental activities this year was \$25,896,608, a decrease of \$7,238,021 over the prior years' \$33,134,629. However, as shown in the Statement of Activities on page 22-23, the amount the taxpayers ultimately financed for these activities through County taxes was only \$16,580,885 because some of the cost was paid by those that directly benefited from the programs, or by other governments and organizations that subsidized certain programs with grants and contributions.

Physical health and social service expenses increased \$562,600 due to the reclassification of the case management department from the mental health service area to the physical health and social services service area. Mental health had the largest decrease of \$5,282,448 due to the majority of the mental health services being accounted for in the newly formed CSS Agency. Administration expenses were \$438,088 lower than the prior year due to CLEAR project expenses and financial support given to the health insurance fund in FY10. Non-program services decreased \$2,159,082 in the current year. The pass-through community development block grant funds for projects relating to the flood of June 2008 were no longer accounted for in the non-program service area in FY11.

Cerro Gordo County maintained the rural rate of 3.50739 for FY11. The countywide tax rate of 6.29147 for FY10 decreased to 6.28146 for FY11. The combined tax rates resulted in increased property tax dollars of approximately \$128,400 for general purposes, \$56,600 for rural purposes, and \$17,600 for mental health services and a decrease of \$2,350 for debt service.

Business-Type Activities

Business-type activities decreased the County's net assets by \$71,691.

The County's Individual Major Funds

As Cerro Gordo County completed the year, its governmental funds reported a combined fund balance of \$14,506,623, which is an increase of \$932,803 or 6.9% over the combined fund balance for FY10. Of this amount, \$4,550,586 represents the unassigned fund balance which is available for spending at the government's discretion. The remainder of the fund balance is assigned, restricted, or nonspendable. The following are the major reasons for the changes in fund balances from the prior year:

- ◆ The General Fund, as the main operating fund for Cerro Gordo County, ended FY11 with a 53.6% ending fund balance totaling \$6,437,812. This is a \$141,358 increase from the prior year's \$6,296,454 fund balance. Revenues increased \$696,302; the key factors were an additional \$404,834 in intergovernmental revenues and \$137,146 in property and other county taxes. Expenditures increased \$378,253, which is an increase of 3.3% from the previous year.

- ◆ Cerro Gordo County has continued to look for ways to effectively manage the cost of mental health services. The county, along with four other counties, entered into a 28E agreement to create the CSS Agency. This agency accounts for all mental health revenues, with the exception of each county's property taxes for mental health purposes. It also accounts for the majority of the mental health expenditures. This caused the several financial changes for the mental health fund. The Mental Health Fund balance increased from (\$20,262) to \$1,752,507 in FY11, an increase of \$1,772,769. For the year, expenditures totaled \$676,241, a decrease of 87% over last year's expenditures of \$5,941,119. Revenues decreased \$2,559,811, or 51%.
- ◆ The Rural Services Fund balance decreased \$150,962 to \$789,626 from the prior year ending balance of \$940,588. Revenues increased \$30,964, from \$2,132,784 in FY10 to \$2,163,748 in FY11. Expenditures totaled \$464,710, an increase of \$23,706, or 5.4% over last year's expenditures of \$441,004. The County supports the secondary roads fund with an annual transfer out of rural services property tax dollars. In FY11, this allocation increased \$250,000 from \$1,600,000 in FY10 to \$1,850,000 in FY11.
- ◆ The Secondary Roads Fund expenditures increased by \$1,383,129 or 23%, from \$5,975,194 in FY10 to \$7,358,323 in FY11. This was due to an increase in capital projects in FY11 as the County continues to maintain the condition of the County roadway system. The Secondary Road Fund balance increased \$927,896, from \$4,360,635 in FY10 to \$3,432,739 in FY11.
- ◆ The Public Health Fund ended FY11 with an \$871,341 fund balance, a \$21,925 decrease over the prior year's balance of \$893,266. Expenditures increased \$332,523, or 11.3% over the prior year. Revenues increased 2.4%, or \$45,872.
- ◆ The Debt Service Fund had a fund balance of \$28,095, all of which is restricted for the payment of debt.
- ◆ The Capital Projects fund balance remained \$933 at June 30, 2011.

Budgetary Highlights

The county budget is based on ten functions/service areas as required by the State, not by fund or fund type. Over the course of the year, Cerro Gordo County amended its budget one time. The budgetary comparison schedule on pages 51-52 provide more information. The amendment, made May 2011, resulted in the following:

Revenues and Other Financing Sources decreased \$3,003,992, which included:

- ◆ Increase of \$125,346 in local option sales and service tax.
- ◆ A \$3,272,103 decrease in intergovernmental revenues by various departments, including increases of \$100,000 for secondary roads and transportation, \$70,000 awarded for a Department of Energy grant, and \$64,808 for the public health department, as well as a decrease of \$3,500,000 for Flood CDBG.
- ◆ A decrease of \$287,090 in licenses and permits for public health fees. For years, the Public Health Department contracted with the State of Iowa to perform annual restaurant inspections. As of July 1, 2010 this contract was terminated.
- ◆ Charges for services increased \$113,880 due to an increase in public health fees of \$53,380 and \$60,500 for fees provided by the sheriff department.

- ◆ Miscellaneous revenue increased \$206,612 due to several departments receiving additional miscellaneous revenue, with the public health, \$179,428, and the sheriff department, \$9,000, receiving the largest shares.
- ◆ Other Financing Sources of \$109,363 includes \$30,000 from the sale of county assets and \$79,363 for additional operating transfers in.

Expenditures and Other Financing Uses decreased \$2,798,963, which included:

- ◆ Increase of \$31,625 in public safety and legal services, including an increase of \$30,000 for the sheriff department.
- ◆ Decrease of \$74,649 in physical health and education mainly due to a decrease of \$70,649 for the public health department.
- ◆ Increase of \$25,100 in Mental Health, MR & DD for mental health services.
- ◆ A decrease of \$26,288 in county environment & education due to a variety of departments. Increase of \$21,000 for conservation, \$10,000 for the on-site sewage program, and a decrease of \$10,000 for county grants. Also, \$50,000 was reclassified from county environment & education to debt service.
- ◆ An increase of \$120,000 in the roads & transportation service area, all for the Secondary Roads department.
- ◆ An increase of \$6,000 for government services to residents.
- ◆ An increase of \$24,270 in administration. \$36,600 of this increase was due to additional property and unemployment insurance. Also, a decrease of \$7,880 due to the reclassification from administration to debt service.
- ◆ A decrease of \$39,500 for the nonprogram current service area for drainage ditches.
- ◆ An increase of \$85,116 for debt service due to reclassification of expenditures.
- ◆ Decrease in capital projects of \$3,030,000. This includes a reduction of \$3,500,000 for the flood CDBG, and increases of \$400,000 for secondary road construction projects, and \$70,000 for the Department of Energy grant.
- ◆ Other Financing Uses of \$79,363 for additional operating transfers out.

During the year, however, revenues were \$3,414,522 less than budgetary revenues and expenditures were \$5,236,743 less than budgetary expenditures. Iowa law requires budget amendments to specific expenditure functions/service areas, i.e., public safety and legal service, to be enacted by the Board of Supervisors no later than May 31 of each fiscal year. Since the County's fiscal year ends on June 30 and since the County's budget is based on the current financial resources measurement focus and the modified accrual basis of accounting, the Board takes a conservative approach when enacting yearend budget amendments. This means the comparison of actual to budgeted amounts will usually show expenditures to be well below budgeted amounts. This is especially true for the Capital Projects and Roads and Transportation service areas when projects may roll over to a subsequent fiscal year.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

Cerro Gordo County's investment in capital assets for its governmental and business-type activities as of June 30, 2011 was \$74,422,841, an increase of \$3,035,740 or 4.3% compared to FY10. This investment in capital assets includes land, buildings, improvements other than buildings, machinery & equipment, vehicles, intangibles, and infrastructure.

Major capital asset additions during the current fiscal year included infrastructure, vehicles for Sheriff, Conservation, and Secondary Roads and the remodeling of county-owned buildings.

Cerro Gordo County's Capital Assets FYE 2011

For governmental activities, Cerro Gordo County had depreciation expense of \$2,779,577 and total accumulated depreciation of \$29,627,196 for the year ended June 30, 2011. For business-type activities, depreciation expense was \$85,286 and total accumulated depreciation was \$871,688 for the year end.

Additional information on Cerro Gordo County's capital assets can be found in Note 5 of this report.

Debt

As of June 30, 2011, Cerro Gordo County had total long-term debt outstanding for governmental activities of \$12,359,367, a decrease of \$445,860 compared to FY10. The changes in debt resulted from the issuance of \$2,000,000 General Obligation Crossover Refunding Capital Loan Notes, capital loan note retirement of \$2,490,000, as well as \$51,936 of capital lease purchase agreements payments. In the current year, the County paid \$2,541,936 in principal and \$519,010 in interest on outstanding debt, compared to \$867,698 in principal and \$517,888 in interest for FY10.

Sewer revenue capital loan notes (Business-Type Activities) outstanding totaled \$557,967. This is a decrease of \$9,979 due to debt retirement. Business-Type Activities paid \$9,979 in principal and \$25,508 in interest on outstanding debt in the current year.

The Code of Iowa limits the amount of general obligation debt that counties can issue to 5 percent of the assessed value of all taxable property within the county. Cerro Gordo County's outstanding general obligation debt is significantly below its limit of \$197 million.

Cerro Gordo County's Outstanding Debt June 30, 2011

	2011	2010
Governmental Activities:		
Revenue Bonds & Capital Loan Notes	\$ 11,381,750	\$ 11,871,750

Business-Type Activities:		
Sewer Revenue Bonds	\$ 557,967	\$ 567,946

Additional information about the County's long-term liabilities can be found in Note 7 to the financial statements.

ECONOMIC FACTORS AND NEXT YEARS'S BUDGETS AND RATES

Cerro Gordo County's elected and appointed officials and citizens considered many factors when setting the 2012 fiscal year budget, tax rates, and the fees that will be charged for the various County services. One of those factors is the economy. Cerro Gordo County's unemployment rate now stands at 6.90% versus 7.32% a year ago. This compares with the State unemployment rate of 6.2% and the national rate of 9.7%

- ◆ For the budget year ending June 30, 2012, Cerro Gordo County decreased the countywide tax rate from \$6.27042 per thousand of taxable valuation to \$6.25077 and maintained the rural county tax rate at \$3.50739 per thousand of taxable valuation. This decrease in the countywide tax rate is due to a decrease in funds needed in the debt service fund and additional State funds allocated to mental health services. These additional funds directly reduce the property taxes.
- ◆ The tax base for Cerro Gordo County increased 3.5% over the prior year.
- ◆ The total expenditures for the FY12 budget are \$28,846,489, a decrease of \$7,134,526 from the FY11 budget. Two main factors contribute to this decrease: the \$3,500,000 Flood CDBG is now accounted for within a non-budgeted agency fund, and the mental health budget is \$2,625,000 lower than the previous year. A five-county group was formed to provide more efficient mental health services, with one of the counties accounting for the services within their budget. All four of the County bargaining unit contracts are under agreements that expire June 30, 2013.

All these factors were considered in preparing the Cerro Gordo County budget for the June 30, 2012 fiscal year.

CONTACTING THE COUNTY'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, customers, and creditors with a general overview of the County's finances and to demonstrate the accountability for the public dollars entrusted to us. If you have questions about this report or need additional information, contact the Cerro Gordo County Auditor's Office, 220 North Washington, Mason City, Iowa 50401.

CERRO GORDO COUNTY, IOWA

RECONCILIATION OF THE BALANCE SHEET - GOVERNMENTAL FUNDS TO THE STATEMENT OF NET ASSETS June 30, 2011

Total Governmental Fund Balances (page 25) \$14,506,623

*Amounts reported for governmental activities in the Statement of Net
Assets are different because:*

Capital assets used in governmental activities are not current financial resources and, therefore, are not reported in the governmental funds. The cost of assets is \$71,653,898 and the accumulated depreciation/amortization is \$29,627,196. 42,026,702

Other long-term assets are not available to pay current period expenditures and, therefore, are deferred in the governmental funds.

Property Taxes – General Purposes	28,266	
Property Taxes – Debt Service	2,043	
sTEP Grant	1,321	
Prisoner Room and Board	21,552	
Medicaid	1,714	
Smart Start Workshop Stipend	43,112	
Drainage Assessments/Special Assessments	66,243	164,251

The Internal Service Fund is used by management to charge the costs of the partial self funding of the County's health insurance benefit plan to individual funds. The assets and liabilities of the Internal Service Fund are included in governmental activities in the Statement of Net Assets. 318,608

Long-term liabilities, including capital lease purchase agreements payable, bonds and notes payable, accrued interest payable, other post employment benefits payable, termination benefits payable and compensated absences payable, are not due and payable in the current period and, therefore, are not reported in the governmental funds. (13,422,248)

Net assets of governmental activities (page 21) \$43,593,936

CERRO GORDO COUNTY, IOWA

RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES – GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended June 30, 2011

Net change in fund balances - Total governmental funds (page 28)	\$751,879
--	-----------

*Amounts reported for governmental activities in the Statement of
Activities are different because:*

Governmental funds report capital outlays as expenditures while governmental activities report depreciation/amortization expense to allocate those expenditures over the life of the assets. Capital outlay expenditures and contributed capital assets exceeded depreciation/amortization expense in the current year as follows:

Expenditures for capital assets	\$3,105,724	
Capital assets contributed by the Federal Government	149,147	
Depreciation/amortization expense	<u>(2,779,577)</u>	475,294

In the Statement of Activities, the loss on the disposition of capital assets is reported, whereas the governmental funds report the proceeds from the disposition as an increase in financial resources.	(24,512)
---	----------

Because some revenues will not be collected for several months after the County's year end, they are not considered available revenues and are deferred in the governmental funds as follows:

Property tax	8,233	
Other	<u>42,215</u>	50,448

Proceeds from issuing long-term liabilities provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Assets. Repayment of long-term liabilities is an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Assets. Current year debt repayments exceeded issuances as follows:

Bonds and leases issued	(2,000,000)	
Principal payments	2,490,000	
Lease payments	51,936	
Drainage warrants	<u>14,612</u>	556,548

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds, as follows:

Compensated absences	(28,588)	
Other postemployment benefits/termination benefits	(588,281)	
Interest on long-term debt	<u>3,660</u>	(613,209)

The change in the amount reserved for Secondary Roads inventory is reported as an increase or decrease in reserved fund balance in the governmental funds. This amount is reported as an increase or decrease in Secondary Roads expenses in the Statement of Activities.	180,924
---	---------

The Internal Service Funds are used by management to charge the costs of employee health benefits, telephone service, and property insurance to individual funds. The change in Net Assets of the Internal Service Funds are reported with governmental activities.	(58,204)
---	----------

Change in net assets of governmental activities (page 23)	<u>\$1,319,168</u>
---	--------------------

See Notes to Financial Statements.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1: Summary of Significant Accounting Policies

Cerro Gordo County is a political subdivision of the State of Iowa and operates under the Home Rule provisions of the Constitution of Iowa. The County operates under the Board of Supervisors form of government. Elections are on a partisan basis. Other elected officials operate independently with the Board of Supervisors. These officials are the Auditor, Treasurer, Recorder, Sheriff, and Attorney. The County provides numerous services to citizens, including law enforcement, health and social services, parks and cultural activities, planning and zoning, roadway construction and maintenance, general administrative services, and drainage district services.

The County's financial statements are prepared in conformity with U.S. generally accepted accounting principles as prescribed by the Governmental Accounting Standards Board.

A. REPORTING ENTITY

For financial reporting purposes, Cerro Gordo County has included all funds, organizations, agencies, boards, commissions, and authorities. The County has also considered all potential component units for which it is financially accountable and other organizations for which the nature and significance of their relationship with the County are such that exclusion would cause the County's financial statements to be misleading or incomplete. The Governmental Accounting Standards Board has set forth criteria to be considered in determining financial accountability. These criteria include appointing a voting majority of an organization's governing body, and (1) the ability of the County to impose its will on that organization or (2) the potential for the organization to provide specific benefits to, or impose specific financial burdens on the County.

These financial statements present Cerro Gordo County (the primary government) and its component units. The component units discussed below are included in the County's reporting entity because of the significance of their operational or financial relationships with the County.

Blended Component Units – The following component units are entities which are legally separate from the County, but are so intertwined with the County they are, in substance, the same as the County. They are reported as part of the County and blended into the appropriate funds.

One hundred and fifty-six drainage districts have been established pursuant to Chapter 468 of the Code of Iowa for the drainage of surface waters from agricultural and other lands or the protection of such lands from overflow. Although these districts are legally separate from the County, they are controlled, managed and supervised by the Cerro Gordo County Board of Supervisors. The drainage districts are reported as a Special Revenue Fund. Financial information of the individual drainage districts can be obtained from the Cerro Gordo County Auditor's Office.

Jointly Governed Organizations – The County participates in several jointly governed organizations that provide goods or services to the citizenry of the County but do not meet the criteria of a joint venture since there is no ongoing financial interest or responsibility by the participating governments. The County Board of Supervisors are members of or appoint representatives to the following boards and commissions: Cerro Gordo County and City Assessor's Conference Board, Cerro Gordo County Emergency Management Commission, Cerro Gordo County Joint E911 Service Board, and Advanced Law Enforcement Investigative and Administrative System Users. Financial transactions of these organizations are included in the County's financial statements only to the extent of the County's fiduciary relationship with the organization and, as such, are reported in the Agency Funds of the County.

B. BASIS OF PRESENTATION

Government-wide Financial Statements - The Statement of Net Assets and the Statement of Activities report information on all of the nonfiduciary activities of the County and its component units. For the most part, the effect of the interfund activity has been removed from these statements. Governmental activities are supported by property tax, intergovernmental revenues and other nonexchange transactions.

The Statement of Net Assets presents the County's nonfiduciary assets and liabilities, with the difference reported as net assets. Net assets are reported in the following categories.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation/amortization and reduced by outstanding balances for bonds, notes, and other debt attributable to the acquisition, construction, or improvement of those assets.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS June 30, 2011

Note 1: Summary of Significant Accounting Policies (Continued)

Restricted net assets result when constraints placed on net asset use are either externally imposed or imposed by law through constitutional provisions or enabling legislation.

Unrestricted net assets consist of net assets that do not meet the definition of the two preceding categories. Unrestricted net assets often have constraints on resources that are imposed by management which can be removed or modified.

The Statement of Activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and 2) grants, contributions, and interest restricted to meeting the operational or capital requirements of a particular function. Property tax and other items not properly included among program revenues are reported instead as general revenues.

Fund Financial Statements - Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds are reported as separate columns in the fund financial statements. All remaining governmental funds are aggregated and reported as other nonmajor governmental funds.

The County reports the following major governmental funds:

The General Fund is the general operating fund of the County. All general tax revenues and other revenues not allocated by law or contractual agreement to some other fund are accounted for in this fund. From the fund are paid the general operating expenditures, the fixed charges and the capital improvement costs that are not paid from other funds.

Special Revenue:

The Mental Health Fund is used to account for property tax and other revenues designated to be used to fund mental health, mental retardation, and developmental disabilities services.

The Rural Services Fund is used to account for property tax and revenues to provide services which are primarily intended to benefit those persons residing in the county outside of incorporated city areas.

The Secondary Roads Fund is utilized to account for secondary road construction and maintenance.

The Public Health Fund is utilized to account for Federal and State grants and fees collected by the County to provide and maintain the County Public Health Department.

The Debt Service Fund is utilized to account for the payment of interest and principal on the County's general long-term debt.

The Capital Projects Fund is a discretionary major fund used to account for all resources used in the acquisition and construction of capital facilities.

Additionally, the County reports the following proprietary funds:

The Internal Service Funds account for the financing of goods and services provided by one department or agency to other departments or agencies of the County on a cost-reimbursement basis. The Central Services Fund accounts for the costs of the centralized service operation for the telephone service and property insurance. The Health Insurance Fund accounts for the County's insurance for health insurance benefits provided by governmental funds to employees. Costs are billed to governmental funds and employees based on historical claims experience.

The Enterprise Funds account for operations that are financed and operated in a manner similar to private business enterprises, where the intent of the government's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where the governing body has decided that periodic determination of net income is appropriate for accountability purposes. The Enterprise Funds account for the activities of the Meservey Wastewater Collection and Treatment Facility and the Swaledale Wastewater Collection and Treatment Facility.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Fiduciary Funds – Agency funds are used to account for assets held by the County as an agent for individuals, private organizations, certain jointly governed organizations, other governmental units, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. The County's Agency Funds consist of the following:

Elected Officials - To account for the activity of various cash accounts maintained by elected officials and other County departments which have not been remitted to the County Treasurer, who acts as trustee for all pooled cash and investments of the County, or to other individuals, private entities or governments.

Relief – Representative Payee – To account for the funds of individuals incapable of managing their own affairs.

Veterans Affairs – To account for the funds used to maintain the veterans plaque.

Auditor – To account for revenues received from the sale of GIS maps, plat books, and copies.

Recorder – To account for the recording of deeds and mortgages, writing fees for DNR licenses, passport issuance fees, and the sale of various licenses (hunting, fishing, ATV, boat and snowmobile).

Sheriff – To account for fees associated with the serving of papers and the sale of gun permits.

Other Agency Funds – Clearing accounts that account for funds collected by the County on behalf of individuals and other governmental entities:

- Agricultural Extension Education
- County Assessor
- County Special Appraisal
- City Assessor
- City Special Appraisal
- Schools
- Community College
- Corporations
- Townships
- City Special Assessments
- Auto License and Use Tax
- Brucellosis and Tuberculosis Eradication
- Joint Disaster Services
- Clear Lake Sanitary District
- County EMS Association
- Advance Tax
- Cash Long/Short
- Tax Sale Redemption
- Dispute Resolution
- E-911 Operations
- Advance Law Enforcement Investigative and Administration System
- Precinct Atlas
- Recorder's Transfer Fee
- Pass-Through Projects
- Employee Benefits

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1: Summary of Significant Accounting Policies (Continued)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

The government-wide, proprietary fund and fiduciary fund financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property tax is recognized as revenue in the year for which for which it is levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been satisfied.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the County considers revenues to be available if they are collected within sixty days after year end.

Property tax, intergovernmental revenues (shared revenues, grants and reimbursements from other governments) and interest are considered to be susceptible to accrual. All other revenue items are considered to be measurable and available only when cash is received by the County.

Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, principal and interest on long-term debt, claims and judgments and compensated absences are recorded as expenditures only when payment is due. Capital asset acquisitions are reported as expenditures in governmental funds. Proceeds of general long term debt and acquisitions under capital leases are reported as other financing sources.

Under the terms of grant agreements, the County funds certain programs by a combination of specific cost-reimbursement grants, categorical block grants and general revenues. Thus, when program expenses are incurred, there are both restricted and unrestricted net assets available to finance the program. It is the County's policy to first apply cost-reimbursements grant resources to such programs, followed by categorical block grants, and then by general revenues.

When an expenditure is incurred in governmental funds which can be paid using either restricted or unrestricted resources, the County's policy is to pay the expenditure from restricted fund balance and then from less-restrictive classifications – committed, assigned and then unassigned fund balances.

The proprietary funds of the County apply all applicable GASB pronouncements as well as the following pronouncements issued on or before November 30, 1989, unless pronouncements conflict or contradict GASB pronouncements: Financial Accounting Standards Board Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Research Bulletins of the Committee on Accounting Procedure.

Proprietary funds distinguish operating revenues and expenses from non-operating items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with a proprietary fund's principal ongoing operations. The principal operating revenues of the County's Internal Service Funds are from charges to customers for sales and services. Operating expenses for Internal Service Funds include the cost of services and administrative expenses. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

D. ASSETS, LIABILITIES AND FUND EQUITY

The following accounting policies are followed in preparing the financial statements:

Cash, Pooled Investments and Cash Equivalents - The cash balances of most County funds are pooled and invested. Interest earned on investments is recorded in the General Fund, unless otherwise provided by law.

For purposes of the statement of cash flows, all short-term cash investments that are highly liquid are considered to be cash equivalents. Cash equivalents are readily convertible to known amounts of cash, and at the day of purchase, they have a maturity date no longer than three months.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1: Summary of Significant Accounting Policies (Continued)

Property Tax Receivable – Property tax in governmental funds is accounted for using the modified accrual basis of accounting.

Property tax receivable is recognized in these funds on the levy or lien date, which is the date that the tax asking is certified by the County Board of Supervisors. Delinquent property taxes receivable represents unpaid taxes for the current and prior years. The succeeding year property tax receivable represents taxes certified by the Board of Supervisors to be collected in the next fiscal year for the purposes set out in the budget for the next fiscal year. By statute, the Board of Supervisors is required to certify its budget in March of each year for the subsequent fiscal year. However, by statute, the tax asking and budget certification for the following fiscal year becomes effective on the first day of that year. Although the succeeding year property tax receivable has been recorded, the related revenue is deferred in both the government-wide and fund financial statements and will not be recognized as revenue until the year for which it is levied.

Property tax revenue recognized in these funds become due and collectible in September and March of the fiscal year with a 1½% per month penalty for delinquent payments; is based on January 1, 2009 assessed property valuations; is for the tax accrual period July 1, 2010 through June 30, 2011 and reflects the tax asking contained in the budget certified by the County board of Supervisors in March 2010.

Interest and Penalty on Property Tax Receivable - Interest and penalty on property tax receivable represents the amount of interest and penalty that was due and payable but has not been collected.

Drainage and Special Assessments Receivable - Drainage and special assessments receivable represents amounts assessed to individuals for work done which benefit their property. These assessments are payable by individuals in not less than 10 nor more than 20 annual installments. Each annual installment with interest on the unpaid balance is due on September 30 and is subject to the same interest and penalties as other taxes. Drainage assessments receivable represent assessments which are payable but not yet due.

Due from and Due to Other Funds - During the course of its operations, the County has numerous transactions between funds. To the extent that certain transactions between funds had not been paid or received as of June 30, 2011, balances of interfund amounts receivable or payable have been recorded in the financial statements.

Due from Other Governments - Due from other governments represents amounts due from the State of Iowa, various shared revenues, grants, and reimbursements from other governments.

Inventories - Inventories are valued at cost using the first-in, first-out method. Inventories in the Special Revenue Funds consist of expendable supplies held for consumption. The cost is recorded as an expenditure at the time individual inventory items are purchased. Reported inventories are equally offset by a fund balance reserve which indicates that they are not available to liquidate current obligations.

Capital Assets – Capital assets, which include property, equipment and vehicles, intangibles and infrastructure assets acquired after July 1, 1980 (e.g., roads, bridges, curbs, gutters, sidewalks, and similar items which are immovable and of value only to the County), are reported in the applicable governmental or business-type activities columns in the government-wide Statement of Net Assets. Capital assets are recorded at historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend lives are not capitalized. Reportable capital assets are defined by the County as assets with initial, individual costs in excess of the following thresholds and estimated useful lives in excess of two years.

<u>Asset Class</u>	<u>Amount</u>
Infrastructure	\$ 50,000
Land, buildings and improvements	25,000
Intangibles	75,000
Equipment and vehicles	5,000

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 1: Summary of Significant Accounting Policies (Continued)

Capital Assets of the County are depreciated/amortized using the straight line method over the following estimated useful lives:

<u>Asset Class</u>	<u>Estimated Useful lives (In Years)</u>
Buildings	40-50
Building improvements	20-50
Infrastructure	30-50
Intangibles	2-20
Equipment	2-20
Vehicles	3-10

Due to Other Governments - Due to other governments represents taxes and other revenues collected by the County and payments for services which will be remitted to other governments.

Trusts Payable - Trusts payable represent amounts due to others which are held by various County officials in fiduciary capacities until the underlying legal matters are resolved.

Unearned Revenue - Although certain revenues are measurable, they are not available. Available means collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Unearned revenue in the governmental fund financial statements represents the amount of assets that have been recognized, but the related revenue has not been recognized since the assets are not collected within the current period or expected to be collected soon enough thereafter to be used to pay liabilities of the current period. Unearned revenue consists of unspent grant proceeds as well as property tax receivable and other receivables not collected within sixty days after year-end.

Unearned revenue on the Statement of Net Assets consists of succeeding year property tax receivable that will not be recognized as revenue until the year for which it is levied and unspent grant proceeds.

On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as unearned revenue.

Compensated Absences - County employees accumulate a limited amount of earned but unused vacation and sick leave hours for subsequent use payable to employees. A liability is recorded when incurred in the government-wide, proprietary and fiduciary fund financial statements. The compensated absences liability has been computed based on rates of pay in effect at June 30, 2011. Any accrued compensated absences that are carried over must be taken in the following fiscal year or else be lost. The compensated absence liability attributable to the governmental activities will be paid primarily by the General, Mental Health, Rural Services and Secondary Road Funds.

Long-term Liabilities - In the government-wide financial statements and the proprietary fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities or proprietary fund Statement of Net Assets. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the governmental fund financial statements, the face amount of debt issued is reported as other financing sources. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Fund Equity - In the governmental fund financial statements, fund balances are classified as follows:

Nonspendable - Amounts which cannot be spent because they are in a nonspendable form or because they are legally or contractually required to be maintained intact.

Restricted - Amounts restricted to specific purposes when constraints placed on the use of the resources are either externally imposed by creditors, grantors or state or federal laws or are imposed by law through constitutional provisions or enabling legislation.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS June 30, 2011

Note 1: Summary of Significant Accounting Policies (Continued)

Committed – Amounts which can be used only for specific purposes pursuant to constraints formally imposed by the Board of Supervisors through ordinance or resolution approved prior to year end. Committed amounts cannot be used for any other purpose unless the Board of Supervisors removes or changes the specified use by taking the same action it employed to commit those amounts.

Assigned – Amounts the Board of Supervisors intend to use for specific purposes.

Unassigned – All amounts not included in other classifications.

Net Assets – The Net Assets of the Employee Group Health Fund is designated for anticipated future catastrophic losses of the County.

E. BUDGETS AND BUDGETARY ACCOUNTING

The budgetary comparison and related disclosures are reported as Required Supplementary Information. During the year ended June 30, 2011, disbursements exceeded the amounts budgeted in the Debt Service function and disbursements in the Medical Examiner department exceeded the amounts appropriated.

Note 2: Cash and Pooled Investments

The County's deposits in banks at June 30, 2011 were entirely covered by federal depository insurance or by the State Sinking Fund in accordance with Chapter 12C of the Code of Iowa. This chapter provides for additional assessments against the depositories to insure there will be no loss of public funds.

The County is authorized by statute to invest public funds in obligations of the United States government, its agencies and instrumentalities; certificates of deposit or other evidences of deposit at federally insured depository institutions approved by the Board of Supervisors; prime eligible bankers acceptances; certain high rated commercial paper; perfected repurchase agreements; certain registered open-end management investment companies; and certain joint investment trusts; and warrants or improvement certificates of a drainage district.

Note 3: Due from and Due to Other Funds

The detail of inter-fund receivables and payables at June 30, 2011, is as follows:

Receivable Fund	Payable Fund	Amount
General Fund	Special Revenue:	
	MH/DD Services	\$253
	Empowerment	45
	Secondary Road	104
	Public Health	1,379
Total		<u>\$1,781</u>

These balances resulted from the time lag between the dates that inter-fund goods and services are provided or reimburseable expenditures occur, transactions are recorded in the accounting system, and payments between funds are made.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 4: Inter-fund Transfers

The detail of inter-fund transfers for the year ended June 30, 2011 is as follows:

Transfer To	Transfer From	Amount
General Fund	Special Revenue	
	Mental Health	\$17,918
	Debt Service	1,445
Special Revenue:	Special Revenue:	
Secondary Roads	Rural Services	1,850,000
Public Health	General Basic	1,311,503
	Special Revenue:	
	Public Health Inspections	16,584
On Site Sewage Program	General Basic	30,000
Total		<u>\$3,227,450</u>

Transfers generally move resources from the fund statutorily required to collect the resources to the fund statutorily required to expend the resources.

CERRO GORDO COUNTY, IOWA

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 8: Capital Lease Purchase Agreements / Installment Purchase Agreements

The County entered into a capital lease purchase agreement for the Administration's postage machine totaling \$20,679. The following is a schedule of the future minimum lease payments, including interest at 8.233% per annum, and the present value of net minimum lease payments under the agreement in effect at June 30, 2011 for Equipment:

Year Ending June 30,	Postage Machine
2012	\$5,087
2013	5,087
2014	5,087
2015	1,272
Total Minimum Lease Payments	16,533
Less: Amount Representing Interest	2,156
Present Value of Net Minimum Lease Payments	\$14,377

Payments under capital lease purchase agreements for year ended June 30, 2011, totaled \$3,711.

In August of 2008, the Public Health Department entered into a capital lease purchase agreement for a Virtual Network capitalized at \$159,453. The following is a schedule of the future minimum lease payments, including interest at 6.36% per annum, and the present value of net minimum lease payments under the agreement in effect at June 30, 2011 for Equipment:

Year Ending June 30,	Virtual Network
2012	54,554
Total Minimum Lease Payments	54,554
Less: Amount Representing Interest	3,262
Present Value of Net Minimum Lease Payments	\$51,292

Payments under capital lease purchase agreements for year ended June 30, 2011, totaled \$48,225.

Note 9: General Obligation Capital Loan Notes / Local Option Sales and Service Tax Revenue Bonds

During the year ended June 30, 2007, the County issued \$9,000,000 and \$4,500,000 of General Obligation Capital Loan Notes for the purpose of constructing and equipping a new Law Enforcement Center. During the year ended June 30, 2011, the County refunded the \$2,470,000 outstanding balance of the \$4,500,000 General Obligation Capital Loan Notes issuance with the issuance of \$2,000,000 General Obligation Crossover Refunding Capital Loan Notes. The notes are payable from a continuing annual levy of taxes on all of the taxable property in the County. Interest on each note is due annually on December 1 and principal and interest payments are due annually on June 1. Maturities of the various notes range from 2009 through 2026. Details of the outstanding notes are as follows:

Year Ending June 30,	2006B \$9,000,000 Issue			2010A \$2,000,000 Issue		
	Interest Rate	Principal	Interest	Interest Rate	Principal	Interest

Note 9: General Obligation Capital Loan Notes / Local Option Sales and Service Tax Revenue Bonds (Continued)

During the year ended June 30, 2009, the County issued \$885,000 of Local Option Sales and Service Tax Revenue Bonds. The purpose of the bonds was for paying the County's share of the Clear Lake Dredging and Restoration Project, a rural County betterment project for the County of Cerro Gordo. The funds were to be advanced as needed for the project. As of June 30, 2009, \$300,000 had been advanced to the County. During the year ended June 30, 2010, an additional \$ 168,750 was advanced to the County. Interest payments are due semiannually, commencing December 1, 2008 and principal payments are due annually commencing June 1, 2009, maturing June 1, 2028. Payments made during fiscal year 2011 totaled \$ 20,000. Details of the outstanding bonds are as follows:

Year Ending June 30,	Interest Rate	2008 \$885,000 Issue	
		Principal	Interest
2012	1.25%	20,000	4,772
2013	1.25%	20,000	4,521
2014	1.25%	20,500	4,272
2015	1.25%	21,000	4,016
2016	1.25%	21,500	3,753
2017-2021	1.25%	111,000	14,691
2022-2026	1.25%	118,500	7,553
2027-2028	1.25%	49,250	931
		<u>\$381,750</u>	<u>\$44,509</u>

Note 10: Retirement Benefits

The County offers retirement benefits to its employees. There are different criteria for different collective bargaining units and non-bargaining units, however, the general rule is: Any retiree with 30 years of service at age 58, or 20 years at age 62, will be provided with a single health insurance policy premium until the age of 65 for some, or 65 or Medicare eligible, whichever is later, for others.

At June 30, 2011, the County has obligations to five participants with a total liability of \$97,125. Retirement benefits expenses for four retirees for the year ended June 30, 2011 totaled \$26,085 and were paid from the General Fund and the Secondary Roads Fund.

Note 11: Drainage Warrants/Drainage Improvement Certificates Payable

Drainage warrants are warrants which are legally drawn on drainage district funds but are not paid for lack of funds, in accordance with Chapter 74 of the Code of Iowa. The warrants bear interest at rates in effect at the time the warrants are first presented. Warrants will be paid as funds are available.

Drainage warrants are paid from the Special Revenue Fund solely from special assessments against benefited properties.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 12: Sewer Revenue Capital Loan Notes

The County has issued \$280,000 in sewer revenue capital loan notes to fund the costs of improvement and extensions to the County's Sanitary Sewer Utility including construction of a sanitary sewer collection and treatment facility for users in the City of Swaledale. The notes and interest are payable solely from the net earnings of the system and not from general funds of the County. Payments on the capital loan notes began on July 1, 1999. The capital loan notes have an interest rate of 4.50% with the final payment due July 1, 2036. Details of the sewer revenue capital loan notes are as follows:

Year Ending June 30,	Principal	Interest	Total
2012	5,168	10,348	15,516
2013	5,400	10,116	15,516
2014	5,643	9,873	15,516
2015	5,897	9,619	15,516
2016	6,163	9,353	15,516
2017-2021	35,231	42,349	77,580
2022-2026	43,904	33,676	77,580

2032-2036	67,843	9,398	77,241
	<u>\$229,962</u>	<u>\$157,599</u>	<u>\$387,561</u>

The County has also issued \$59,100, \$253,200 and \$49,000 in sewer revenue capital loan notes to fund the costs of improvements and extensions to the County's Sanitary Sewer Utility including construction of a sanitary sewer collection and treatment facility for users in the City of Meservey. The notes and interest are payable solely from the net earnings of the system and do not represent general obligations of the County. Interest payments on the capital loan notes began on July 1, 2003. The capital loan notes have an interest rate of 4.5% with final payment due by July 1, 2044. Details of the sewer revenue capital loan notes are as follows:

Year Ending June 30,	\$59,100 Note		\$253,200 Note		\$49,000 Note		Total

Note 13: Pension and Retirement Benefits

The County contributes to the Iowa Public Employees Retirement System (IPERS) which is a cost-sharing multiple-employer defined benefit pension plan administered by the State of Iowa. IPERS provides retirement and death benefits which are established by State statute to plan members and beneficiaries. IPERS issues a publicly available financial report that includes financial statements and required supplementary information. The report may be obtained by writing to IPERS, P.O. Box 9117, Des Moines, Iowa 50306-9117.

Most regular plan members are required to contribute 4.50% of their annual covered salary and the County is required to contribute 6.95% of annual covered salary. Certain employees in special risk occupations and the County contribute an actuarially determined contribution rate. Contribution requirements are established by State statute. The County contribution to IPERS for the years ended June 30, 2011, 2010 and 2009 were \$834,867, \$771,687, and \$710,585 respectively, equal to the required contributions for each year.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 14: Other Postemployment Benefits (OPEB)

Plan Description. The County operates a single-employer retiree benefit plan which provides medical/prescription drug benefits for retirees and their spouses. There are 255 active and 3 retired members in the plan. Employees must be age 55 or older at retirement. The medical/prescription drug benefit, which is a partially self-funded medical plan, is administered by Group Services. Retirees under age 65 pay the same premium for the medical/prescription drug benefit as active employees, which results in an implicit subsidy and an OPEB liability. The plan does not issue a stand-alone report.

Funding Policy. The contribution requirements of plan members are established and may be amended by the County. The County currently finances the retiree benefit plan on a pay-as-you-go basis.

Annual OPEB Cost and Net OPEB Obligation. The County's annual OPEB cost is calculated based on the annual required contribution of the County (ARC), an amount actuarially determined in accordance with GASB Statement No. 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years.

The table shows the components of the County's annual OPEB cost for June 30, 2011, the amount actually contributed to the plan and the changes in the County's net OPEB obligation:

Annual required contribution	\$509,164
Interest on net OPEB obligation	7,604
Adjustment to annual required contribution	0
Annual OPEB cost (expense)	516,768
Contributions made	(10,587)
Increase in net OPEB obligation	506,181
Net OPEB obligation - beginning of the year	\$514,017
Net OPEB obligation - end of the year	\$1,020,198

For calculation of the net OPEB obligation, the actuary has set the transition day as July 1, 2008. The end of year net OPEB obligation was calculated by the actuary as the cumulative difference between the actuarially determined funding requirements and the plan's actual contributions for the year ended June 30, 2011.

For the fiscal year 2011, the County contributed \$ 10,587 to the medical plan. Plan members receiving benefits contributed \$21,173, or 66% of the premium costs.

The County's annual OPEB cost, the percentage of annual OPEB cost contributed to the plan, and the net OPEB obligation are summarized as follows:

Fiscal Year Ended	Annual OPEB Cost	Percentage of Annual OPEB Cost Contributed	Net OPEB Obligation
June 30, 2010	\$274,753	2.23%	\$514,017
June 30, 2011	\$516,767	2.05%	\$1,020,198

Funded Status and Funding Progress. As of July 1, 2010, the most recent actuarial valuation date for the period July 1, 2010 through June 30, 2011, the actuarial accrued liability was \$4,398,616, with no actuarial value of assets, resulting in an unfunded actuarial liability (UAAL) of \$4,398,616. The covered payroll (annual payroll of active employees covered by the plan) was \$9,860,872, and the ratio of the UAAL to the covered payroll was 44.6%. As of June 30, 2011, there were no trust fund assets.

Actuarial Methods and Assumptions. Actuarial valuations of an ongoing plan involve estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumption about future employment, mortality, and the healthcare cost trend. Actuarially determined amounts are subject to continual revision as actual results are compared with past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as Required Supplementary Information in the section following the Notes to the Financial Statements, will present multiyear trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Projections of benefits for financial reporting purposes are based on the plan as understood by the employer and the plan members and include the types of benefits provided at the time of each valuation and the historical pattern of sharing benefit costs between employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce the effects

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 14: Other Postemployment Benefits (OPEB) (Continued)

of short term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long term perspective of the calculations.

As of the July 1, 2010 actuarial date, the Frozen Entry Age Actuarial Cost method was used. The actuarial assumptions included a 2.5% discount rate based on the County's funding policy. The projected annual medical trend rate is 6%.

Mortality rates are from the 94 Group Annuity Mortality Table, applied on a gender specific basis. Annual retirement and termination probabilities were developed from the retirement probabilities from the IPERS Actuarial Valuation Report as of June 30, 2007 and applying the termination factors used in IPERS Actuarial Report as of June 30, 2007.

Projected claim costs of the medical plan are \$1,278 per month for retirees less than 65. The salary increase rate was assumed to be 4% per year. The UAAL is being amortized as a level percentage on an open basis over 30 years.

Note 15: Risk Management

Cerro Gordo County is a member in the Iowa Communities Assurance Pool, as allowed by Chapter 331.301 of the Code of Iowa. The Iowa Communities Assurance Pool (Pool) is a local government risk-sharing pool whose 645 members include various governmental entities throughout the State of Iowa. The Pool was formed in August 1986 for the purpose of managing and funding third-party liability claims against its members. The Pool provides coverage and protection in the following categories: general liability, automobile liability, automobile physical damage, public officials liability, police professional liability, property, inland marine, and boiler/machinery. There have been no reductions in insurance coverage from prior years.

Each member's annual casualty contributions to the Pool fund current operations and provide capital. Annual operating contributions are those amounts necessary to fund, on a cash basis, the Pool's general and administrative expenses, claims, claims expenses and reinsurance expenses due and payable in the current year, plus all or any portion of any deficiency in capital. Capital contributions are made during the first six years of membership and are maintained to equal 150 percent of the total current members' basis rates or to comply with the requirements of any applicable regulatory authority having jurisdiction over the Pool.

The Pool also provides property coverage. Members who elect such coverage make annual operating contributions which are necessary to fund, on a cash basis, the Pool's general and administrative expenses and reinsurance premiums, all of which are due and payable in the current year, plus all or any portion of any deficiency in capital. Any year-end operating surplus is transferred to capital. Deficiencies in operations are offset by transfers from capital and, if insufficient, by the subsequent year's member contributions.

The County's property and casualty contributions to the risk pool are recorded as expenditures from its operating funds at the time of payment to the risk pool. The County's annual contributions to the Pool for the year ended June 30, 2011 were \$192,780.

The Pool uses reinsurance and excess risk-sharing agreements to reduce its exposure to large losses. The Pool retains general, automobile, police professional, and public officials' liability risks up to \$350,000 per claim. Claims exceeding \$350,000 are reinsured in an amount not to exceed \$2,650,000 per claim. For members requiring specific coverage from \$3,000,000 to \$12,000,000, such excess coverage is also reinsured. Property and automobile physical damage risks are retained by the Pool up to \$150,000 each occurrence, each location, with excess coverage reinsured by the Travelers Insurance Company.

The Pool's intergovernmental contract with its members provides that in the event a casualty claim or series of claims exceeds the amount of risk-sharing protection provided by the member's risk-sharing certificate, or in the event that a series of casualty claims exhausts total members' equity plus any reinsurance and any excess risk-sharing recoveries, then payment of such claims shall be the obligation of the respective individual member. The County does not report a liability for losses in excess of reinsurance or excess risk-sharing recoveries unless it is deemed probable that such losses have occurred and the amount of such losses can be reasonably estimated. Accordingly, at June 30, 2011, no liability has been recorded in the County's financial statements. As of June 30, 2011, settled claims have not exceeded the risk pool or reinsurance coverage since the Pool's inception.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 15: Risk Management (Continued)

Members agree to continue membership in the Pool for a period of not less than one full year. After such period, a member who has given 60 days prior written notice may withdraw from the Pool. Upon withdrawal, payments for all casualty claims and claim expenses become the sole responsibility of the withdrawing member, regardless of whether a claim was incurred or reported prior to the member's withdrawal. Members withdrawing within the first six years of membership may receive a partial refund of their casualty capital contribution. If a member withdraws after the sixth year, the member is refunded 100 percent of its casualty capital contributions. However, the refund is reduced by an amount equal to the annual casualty operating contribution which the withdrawing member would have made for the one-year period following withdrawal.

The County also carries commercial insurance purchased from other insurers for coverage associated with workers compensation and employee blanket bond in the amount of \$500,000 and \$100,000, (except for the Treasurer which is \$500,000) respectively. The County assumes liability for any deductibles and claims in excess of coverage limitations. Settled claims resulting from these risks have not exceeded commercial insurance coverage in any of the past three fiscal years.

Note 16: Employee Health Insurance Plan

The Internal Service, Employee Group Health Insurance Fund was established to account for the partial self funding of the County's health insurance benefit plan. The plan is funded by both employee and County contributions and the fully insured portion is administered through a service agreement with Wellmark Blue Cross and Blue Shield of Iowa and the self funded portion is administered through a service agreement with Group Services, Inc. The agreement is subject to automatic renewal provisions.

Monthly payments of service fees and plan contributions to the Cerro Gordo County Health Insurance Fund are recorded as expenditures from the operating funds. Under the administrative services agreement, monthly payments of administrative fees and claims processed are paid to Group Service, Inc. from the Cerro Gordo County Health Insurance Fund. The County's contribution to the fund for the year ended June 30, 2011 was \$ 2,299,882.

Amounts payable from the Health Insurance Fund at June 30, 2011 total \$0 which is for incurred but not reported (IBNR) and reported but not paid claims. The amounts are based on actuarial estimates of the amounts necessary to pay prior-year and current-year claims, and to establish a reserve for catastrophic losses. That reserve was \$255,445 at June 30, 2011 and is reported as a designation of the Health Insurance Fund Net Assets. Information on the reconciliation of changes in the aggregate liabilities for claims for the current year and prior year is as follows:

	Balance as of July 1	Current Year Claims	Claims Payments	Balance as of June 30
2008-2009	\$0	\$141,800	\$141,800	\$0
2009-2010	\$0	\$247,000	\$247,000	\$0
2010-2011	\$0	\$245,000	\$245,000	\$0

Note 17: Closure and Postclosure Care Costs

Cerro Gordo County is a member of the Landfill of North Iowa. The Landfill of North Iowa is an inter-governmental agency established in accordance with the provisions of Chapter 28E of the State Code of Iowa (Inter-governmental Cooperation Agreement). The purpose of the agency is to provide for the economic disposal or collection and disposal of all solid waste produced or generated within each member city, town, and the unincorporated portion of Cerro Gordo County, comprising the municipalities. In performing its duties, the agency may contract with and expend funds from federal, state, and local agencies and private individuals and corporations.

State and federal laws and regulations require the agency to place a final cover on its landfill site when it stops accepting waste and to perform certain maintenance and monitoring functions at the site for thirty years after closure. Although closure and postclosure care costs will be paid only near or after the date that the landfill stops accepting waste, state laws require the agency to submit a closure and postclosure plan detailing the schedule for and the methods by which the operator will meet the conditions for proper closure and postclosure. The agency is in compliance with this requirement. On June 30, 2011, the County did not anticipate any additional assessments for closure and postclosure care costs.

CERRO GORDO COUNTY, IOWA

NOTES TO FINANCIAL STATEMENTS

June 30, 2011

Note 18: Related Party Transactions

Business transactions between the County and County officials or employees were noted. The transactions appear to be authorized in accordance with Chapter 331.342 of the Code of Iowa because the contract totals were less than \$1,500 for the fiscal year or the county employee did not participate in acquiring the services.

Note 19: Commitments and Contingencies

The County participates in a number of federally assisted grant programs. The programs are subject to financial and compliance audits. The amount of expenditures, if any, which may be disallowed by the granting agency is not determinable at this time; however, County officials do not believe that such amounts would be significant.

Note 20: Subsequent Events

During December of 2011, the County approved the advance refunding of the General Obligation Capital Loan Notes, Series 2006B by authorizing the issuance of General Obligation Refunding Capital Loan Notes, Series 2012A. The purpose of the refunding was to obtain a lower interest rate on the outstanding debt. The notes will be issued in January 2012.

Note 21: Accounting Change/Restatement

Governmental Accounting Standards Board Statement No.45, Fund Balance Reporting and Governmental Fund Type Definitions, was implemented during fiscal year 2011. The effect of fund type reclassifications is as follows:

	General	Conservation Parks	Jail Commissary Profits	Sheriff Tobacco	Sheriff Abandoned Vehicle	Sheriff DARE	Jail Phone Profits	Conservation Land Acquisition
Balances June 30, 2010, as previously reported	\$6,062,480	\$134,454	\$12,003	\$1,535	\$616	\$3,134	\$39,898	\$42,334
Changes in fund type classification per implementation of GASB Statement No. 54	233,974	(134,454)	(12,003)	(1,535)	(616)	(3,134)	(39,898)	(42,334)

CERRO GORDO COUNTY, IOWA

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION – BUDGETARY REPORTING June 30, 2011

In accordance with the Code of Iowa, the County Board of Supervisors annually adopts a budget on the modified accrual basis following required public notice and hearing for all funds, except blended component units, drainage districts, the Internal Service Fund and Agency Funds, and appropriates the amount deemed necessary for each of the different County offices and departments. The budget may be amended during the year utilizing similar statutorily prescribed procedures. Encumbrances are not recognized on the budget and appropriations lapse at year end.

Formal and legal budgetary control is based upon ten major classes of expenditures known as functions, not by fund. These ten functions are: public safety and legal services, physical health and social services, mental health, county environment and education, roads and transportation, governmental services to residents, administrative services, non-program, debt service and capital projects. Function disbursements required to be budgeted include disbursements for the general fund, special revenue funds, debt service fund and capital projects funds. Although the budget document presents function disbursements by fund, the legal level of control is at the aggregated function level, not by fund. During the year, a budget amendment decreased budgeted revenues and expenditures by \$3,113,355 and \$2,878,326 respectively. This budget amendment is reflected in the final budgeted amounts.

In addition, annual budgets are similarly adopted in accordance with the Code of Iowa by the appropriate governing body as indicated: for the County Extension Office by the County Agricultural Extension Council, for the County Assessor by the County Conference Board, for the E911 System by the Joint E911 Service Board and for Emergency Management Services by the County Emergency Management Commission.

During the year ended June 30, 2011, disbursements exceeded the amounts budgeted in the Debt Service function and disbursements in the Medical Examiner Department exceeded the amounts appropriated.

CERRO GORDO COUNTY, IOWA

STATISTICAL SECTION

CERRO GORDO COUNTY, IOWA

STATISTICAL SECTION

June 30, 2011

This part of Cerro Gordo County's comprehensive annual financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures, and required supplementary information says about the County's overall financial health.

<u>Contents</u>	<u>Pages</u>
Financial Trends	
These schedules contain trend information to help the reader understand how the County's financial performance and well-being have changed over time.	84-93
Revenue Capacity	
These schedules contain information to help the reader assess the County's most significant local revenue source, the property tax.	94-103
Debt Capacity	
These schedules present information to help the readers assess the affordability of the County's current levels of outstanding debt and the County's ability to issue additional debt in the future.	104-108
Demographic and Economic Information	
These schedules offer demographic and economic indicators to help the reader understand the environment within which the County's financial activities take place.	109-110
Operating Information	
These schedules contain service and infrastructure data to help the reader understand how the information in the County's financial report relates to the services the County provides and the activities it performs.	111-116

(1) Net Taxable Value is the value on which real estate taxes are calculated and on which budgets of the various Levy Authorities are based. For property valued by local assessors, taxable value of property is the actual value of property multiplied by the statewide rollback rate that is determined annually by the Iowa Department of Management.

(2) Other Property includes utility property, railroad property, and gas and electric utility property, all of which are valued by the Iowa Department of Management. All other property classes are valued by the local assessor.

(3) Per \$1,000 of value

SINGLE AUDIT SECTION

Gardiner Thomsen
Certified Public Accountants

**INDEPENDENT AUDITORS' REPORT ON THE
SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS**

To the Officials of Cerro Gordo County
Mason City, Iowa

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of Cerro Gordo County, Iowa as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements listed in the table of contents and have issued our report thereon dated December 22, 2011. We conducted our audit in accordance with U.S. generally accepted auditing standards and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cerro Gordo County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards, required by the U.S. Office of Management and Budget (OMB) Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations, which is the responsibility of the County's management, is presented for purposes of additional analysis and is not a required part of the basic financial statements. The information in that schedule has been subjected to the auditing procedures applied in our audit of the basic financial statements and, in our opinion, is fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Cerro Gordo County and other parties to whom Cerro Gordo County may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

December 22, 2011

Gardiner Thomsen, P.C.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Officials of Cerro Gordo County
Mason City, Iowa

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of Cerro Gordo County, Iowa, as of and for the year ended June 30, 2011, which collectively comprise the County's basic financial statements listed in the table of contents and have issued our report thereon dated December 22, 2011. We conducted our audit in accordance with U.S generally accepted auditing standards and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Cerro Gordo County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cerro Gordo County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Cerro Gordo County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance all deficiencies, significant deficiencies or material weakness have been identified. However, as described in the accompanying Schedule of Findings and Questioned Costs, we identified certain deficiencies in internal control over financial reporting we consider to be material weaknesses and other deficiencies we consider to be significant deficiencies.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility a material misstatement of the County's financial statement will not be prevented or detected and corrected on a timely basis. We consider the deficiencies in internal control described in Part II of the accompanying Schedule of Finding and Questioned Costs as item II-A-11 to be a material weakness.

A significant deficiency is a deficiency or combination of deficiencies in internal control which is less severe than a material weakness, yet important enough to merit attention by those charged with governance. We consider the deficiency described in Part II of the accompanying Schedule of Findings and Questioned Costs as item II-B-11 to be a significant deficiency.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cerro Gordo County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, non-compliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of non-compliance that are required to be reported under Government Auditing Standards. However, we noted certain immaterial instances of non-compliance or other matters that are described in Part IV of the accompanying Schedule of Findings and Questioned Costs.

Comments involving statutory and other legal matters about the County's operations for the year ended June 30, 2011 are based exclusively on knowledge obtained from procedures performed during our audit of the financial statements of the County. Since

our audit was based on tests and samples, not all transactions that might have had an impact on the comments were necessarily audited. The comments involving statutory and other legal matters are not intended to constitute legal interpretations of those statutes.

Cerro Gordo County's responses to findings identified in our audit are described in the accompanying Schedule of Findings and Questioned Costs. While we have expressed our conclusions on the County's responses, we did not audit Cerro Gordo County's responses and, accordingly, we express no opinion on them.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Cerro Gordo County and other parties to whom Cerro Gordo County may report including federal awarding agencies and pass-through entities. This report is not intended to be and should not be used by anyone other than these specified parties.

We would like to acknowledge the many courtesies and assistance extended to us by personnel of Cerro Gordo County during the course of our audit. Should you have any questions concerning any of the above matters, we shall be pleased to discuss them with you at your convenience.

INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS THAT COULD HAVE A DIRECT AND MATERIAL EFFECT ON EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

To the Officials of Cerro Gordo County
Mason City, Iowa

Compliance

We have audited Cerro Gordo County, Iowa's compliance with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that could have a direct and material effect on its major federal programs for the year ended June 30, 2011. Cerro Gordo County's major federal programs are identified in Part I of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grant agreements applicable to its major federal programs is the responsibility of Cerro Gordo County's management. Our responsibility is to express an opinion on Cerro Gordo County's compliance based on our audit.

We conducted our audit of compliance in accordance with U.S. generally accepted auditing standards, the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether non-compliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cerro Gordo County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Cerro Gordo County's compliance with those requirements.

In our opinion Cerro Gordo County complied, in all material respects, with the requirements referred to above that could have a direct material effect on its major federal programs for the year ended June 30, 2011.

Internal Control Over Compliance

The management of Cerro Gordo County is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts and grant agreements applicable to federal programs. In planning and performing our audit, we considered Cerro Gordo County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Cerro Gordo County's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be significant deficiencies or material weaknesses and, therefore, there can be no assurance all deficiencies, significant deficiencies or material weaknesses have been identified. However, as discussed below, we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses or significant deficiencies as defined below.

A deficiency in the County's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance such that there is a reasonable possibility material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected and corrected on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

This report, a public record by law, is intended solely for the information and use of the officials, employees and citizens of Cerro Gordo County and other parties to whom Cerro Gordo County may report, including federal awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

December 22, 2011

Gardner Thomsen, P.C.

CERRO GORDO COUNTY, IOWA

Schedule of Findings and Questioned Costs Year Ended June 30, 2011

Part I: Summary of the Independent Auditors' Results:

- a. Unqualified opinions were issued on the financial statements.
- b. Significant deficiencies and material weaknesses in internal control over financial reporting were disclosed by the audit of the financial statements.
- c. The audit did not disclose any non-compliance which is material to the financial statements.
- d. An unqualified opinion was issued on compliance with requirements applicable to the major programs.
- e. The audit disclosed no audit findings which were required to be reported in accordance with Office of Management and Budget Circular A-133, Section .510(a).
- f. The major programs were as follows:
 - CFDA Number 14.228 – Jumpstart Disaster Recovery Housing Program and Disaster Business Rental Assistance Program and 93.575 – Child Care and Development Block Grant
- g. The dollar threshold used to distinguish between Type A and Type B programs was \$300,000.
- h. Cerro Gordo County did not qualify as a low-risk auditee.

CERRO GORDO COUNTY, IOWA

Schedule of Findings and Questioned Costs Year Ended June 30, 2011

Part II: Findings Related to the Financial Statements:

INTERNAL CONTROL DEFICIENCIES:

II-A-11 **Segregation of Duties**—During our review of internal control, the existing procedures are evaluated in order to determine that incompatible duties, from a control standpoint, are not performed by the same employee. This segregation of duties helps to prevent losses from employee error or dishonesty and, therefore, maximizes the accuracy of the County's financial statements.

Recommendation—We realize that with a limited number of office employees, segregation of duties is difficult. However, each County official should review the operating procedures of their office to obtain the maximum internal control possible under the circumstances.

Response—We have reviewed procedures and plan to make the necessary changes to improve internal control. Specifically, the custody, record-keeping and reconciling functions currently performed by the Deputy will be separated and spread among the County Official, Deputy and Clerks. We plan to implement these changes as soon as possible.

Conclusion—Response accepted.

II-B-11 **Financial Reporting**—During the year ended June 30, 2011, the County refunded the \$2,470,000 outstanding balance of the 2007 General Obligation Capital Loan Notes by issuing \$2,000,000 General Obligation Crossover Refunding Capital Loan Notes. No proceeds of long term debt or debt service disbursements were recorded on the County records since the proceeds were delivered directly to Bankers Trust to pay off the debt. Adjustments were subsequently made by the County to properly include this amount in the financial statements.

Recommendation—The County should implement procedures to ensure all debt issuances are identified and included in the County's financial statements.

Response—We will revise our current procedures to ensure the proper amounts are recorded in the financial statements in the future.

Conclusion—Response accepted.

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

Part III: Findings and Questioned Costs for Federal Awards:

INSTANCES OF NON-COMPLIANCE:

No matters were reported.

INTERNAL CONTROL DEFICIENCIES:

No matters were reported.

CERRO GORDO COUNTY, IOWA

Schedule of Findings and Questioned Costs Year Ended June 30, 2011

Part IV: Other Findings Related to Required Statutory Reporting:

IV-A-11 **Certified Budget** – Disbursements during the year ended June 30, 2011 exceeded the amounts budgeted in the Debt Service function and disbursements in the Medical Examiner department exceeded amounts appropriated. It appears the E911 Surcharge budget was overexpended at June 30, 2011

Recommendation – The budget should have been amended in accordance with Chapter 331.435 of the Code of Iowa before disbursements were allowed to exceed the budget. Chapter 331.434(6) of the Code of Iowa authorizes the Board of Supervisors, by resolution, to increase or decrease appropriations of one office or department by increasing or decreasing the appropriation of another office or department as long as the function budget is not increased. Such increases or decreases should be made before disbursements are allowed to exceed the appropriation. The E911 surcharge budget should have been amended before disbursements were allowed to exceed the budget.

Response – We will amend the budget when required and the expenditures will be watched more closely by the departments.

Conclusion – Response accepted.

IV-B-11 **Questionable Disbursements** – No expenditures we believe may not meet the requirements of public purpose as defined in an Attorney General's opinion dated April 25, 1979 since the public benefits to be derived have not been clearly documented were noted.

IV-C-11 **Travel Expense** – No expenditures of County money for travel expenses of spouses of County officials or employees were noted.

IV-D-11 **Business Transactions** – The following business transactions between the County and County officials or employees were noted:

Name, Title and Business Connection	Transaction	Amount
Tracie Siemers, Auditor's Office		
Steve Siemers, Spouse	Snow removal and trailer rental	\$ 1,788
Brock Specialties, Adam Brock, Tracie's Brother in law	Recorder's Office Remodeling	9,622
Linda Weatherwax, Tracie's Mother	Election Worker	212
Kenneth Kline, County Auditor		
Jason Kline, Son	Computer Services	510
Shelly Tuttle, Secondary Road		
Mark's Air & Water Technologies, Mark Tuttle, Spouse	2 air purifiers	1,265
Barb Sowder, Auditor's Office		
Terri Gretillat, Sister	Election Worker	192
Jaclyn Smith, Treasurer's Office		
V&K Lawn, Chad Valvoda, Brother	Lawn Services	1,121

In accordance with Chapter 331.342 of the Code of Iowa, the transactions with Linda Weatherwax, Jason Kline, Mark's Air & Water Technologies, Terri Gretillat and Chad Valvoda do not appear to represent conflicts of interest since total transactions were less than \$1,500 during the fiscal year.

In accordance with Chapter 331.342 of the Code of Iowa, the transactions over \$1,500 during the year with Steve Siemers and Brock Specialties do not appear to represent a conflict of interest because Tracie Siemers does not participate in acquiring these services and the snow removal services were entered into through competitive bid.

CERRO GORDO COUNTY, IOWA

Schedule of Findings and Questioned Costs Year Ended June 30, 2011

- IV-E-11 **Bond Coverage** – Surety bond coverage of County officials and employees is in accordance with statutory provisions. The amount of all bonds should be periodically reviewed to ensure that the coverage is adequate for current operations.
- IV-F-11 **Board Minutes** – No transactions were found that we believe should have been approved in the Board minutes but were not.
- IV-G-11 **Deposits and Investments** – No instances of non-compliance with the deposit and investment provisions of Chapter 12B and 12C of the Code of Iowa and the County's Investment Policy were noted.
- IV-H-11 **Resource Enhancement and Protection Certification** – The County properly dedicated property tax revenue to conservation purposes as required by Chapter 455A.19(1)(b) of the Code of Iowa in order to receive the additional REAP funds allocated in accordance with subsections (b)(2) and (b)(3).
- IV-I-11 **Economic Development** – During the year ended June 30, 2011, the County paid \$170,600 for Economic Development, which appears to be an appropriate expenditure of public funds since the public benefits to be derived have been clearly documented.
- IV-J-11 **Grant Activity** – The County complied with grant regulations; no violations were noted.
- IV-K-11 **County Extension Office** – The County Extension Office is operated under the authority of Chapter 176A of the Code of Iowa and serves as an agency of the State of Iowa. This fund is administered by an extension council separate and distinct from County operations. Disbursements for the County Extension Office during the year ended June 30, 2011, did not exceed the amount budgeted.
