Clerk of the District Court, this 8th day of October, 2025.

Auditor, Cerro Gordo County.

DATE: October 7, 2025
TO: Cerro Gordo County Board of Supervisors
CC: Michelle Rush, Assistant Zoning Administrator, Cerro Gordo County
FROM: Daniel Ries, Cerro Gordo County Department of Public Health
RE: Manure Management Plan for B & S Farm Corporation (Site 3)

This report is to make you aware of concerns regarding a Manure Management Plan Annual Update received by this office from **B & S Farm Corporation swine operation (Site 3)**. This report is being submitted according to Resolution 2003-123 **A Resolution Adopting Policy for the Receipt, Review and Comment on Manure Management Plans Received by the Cerro Gordo County Board of Supervisors**. Within seven (7) days of receipt of the manure management plan the Environmental Service Manager shall review the Manure Management Plan and prepare a report to the Board of Supervisors detailing concerns to forward to the Iowa Department of Natural Resources.

The confinement unit is located at **2359 Finch Avenue, Thornton in Section 12 of Wisner Township in Franklin County**. This location is 1½ miles south of the Cerro Gordo-Franklin County line.

Number of hogs	Animal unit capacity	Gallons of manure
4,800	1,920	1,226,400

Manure will be applied on seven fields totaling 448.8 acres. There are three fields listed in the report that are in Cerro Gordo County all of which are in Section 34 of Grimes Township; these fields total 143.6 acres. The remaining 305.2 acres are in Franklin County. None of the fields are listed as HEL (highly erodible land). **There is a reduction in the number of fields and acres in the plan from the previous year, but no changes have been made to the fields on which manure will be applied in Cerro Gordo County (all the changes are in Franklin County).** The concerns are listed below:

- The city of Meservey is about 1½ miles from the manure application area.
- The city of Thornton is about 1¼ miles from manure application area.
- A small creek dissects the manure application area.
- Ring-Neck Wildlife Area is about 1½ miles from the manure application area.
