Auditor, Cerro Gordo County.

DATE: February 2, 2026
TO: Cerro Gordo County Board of Supervisors
CC: Michelle Rush, Assistant Zoning Administrator
FROM: Daniel Ries, Cerro Gordo County Department of Public Health
SUBJECT: Manure Management Plan for Yale Sow/litter

This report is to make you aware of concerns regarding a Manure Management Plan update received by this office from **Yale Sow-litter** swine operation. This report is being submitted according to Resolution 2003-123 **A Resolution Adopting Policy for the Receipt, Review and Comment on Manure Management Plans Received by the Cerro Gordo County Board of Supervisors**. Within seven (7) days of receipt of the manure management plan the Environmental Service Manager shall review the Manure Management Plan and prepare a report to the Board of Supervisors detailing concerns to forward to the Iowa Department of Natural Resources.

This operation is located at **1530 Yale Avenue, Klemme in Hancock County**.

	Swine Operation
Total Head	7,498
AUC (Animal Unit Capacity)	2,999.20
Type of Operation	Swine
Annual manure production	7,444,014 gallons

This is an existing operation that is not expanding. Manure will be applied to twenty-two (22) fields totaling 1,883.1 acres. Most of the manure will be applied in Hancock County, however there is one field in Cerro Gordo County; it is a 326.2-acre field in Section 31 of Union Township. **The fields on which manure will be applied are unchanged from last year's plan.**

My concerns are listed below:

- Union Hills Waterfowl Protection Area is about 1¾ miles east of the manure application area.
- There was a conflict in last year's plan between the field maps and the tables, so there is uncertainty about the accuracy of the plan.
