David Hepperly, Sheriff
Cerro Gordo County

Adam Wedmore, Auditor
Cerro Gordo County

DATE: February 27, 2026
TO: Cerro Gordo County Board of Supervisors
Cc: Michelle Rush, Assistant Zoning Administrator, Cerro Gordo County
FROM: Daniel Ries, Cerro Gordo County Department of Public Health
SUBJECT: Manure Management Plan for Gene Baker

This report is to make you aware of concerns regarding a Manure Management Plan Update received by this office from the **Gene Baker** swine operation. This report is being submitted according to Resolution 2003-123 A Resolution Adopting Policy for the Receipt, Review and Comment on Manure Management Plans Received by the Cerro Gordo County Board of Supervisors. Within seven (7) days of receipt of the manure management plan the Environmental Service Manager shall review the Manure Management Plan and prepare a report to the Board of Supervisors detailing issues to forward to the Iowa Department of Natural Resources.

The site is located at 7506 300th Street, Clear Lake in Section 19 of Lincoln Township. The facility houses 2,450 hogs, equivalent to 980 AU (animal units). The confinement building is 101 feet by 201 feet. The operation will produce about 590,000 gallons of manure annually which will be stored in below building pits.

The plan includes seven fields totaling 846 acres. The fields are located in Sections 19 and 30 of Lincoln Township and Section 24 of Grant Township. **The fields on which manure will be applied are unchanged compared to the previous plan.** My main concerns with the manure management plan are listed below:

- Donna Walker Nature Area is about ¾ mile from the manure application area.
- The city of Clear Lake is about two miles south of the manure application area.
- Oakridge 1st Addition and Oak Hills Country Estates subdivisions are about two miles south of the manure application area.
- Clear Lake Rearing Ponds Wildlife Management Area is about two miles south of the manure management area.
- Kingfisher Hollow is about 2½ miles east of the manure management area.
- Teal Basins Wildlife Management Area is about two miles west of the manure management area.

If you have any questions, feel free to contact me at (641) 421-9338 or dries@cghealth.com.
