Alexis Jackson
Deputy County Auditor

Subscribed and sworn to before me by Alexis Jackson, Deputy County Auditor,

This 1st day of April, 2026.

Hannah Marie Schmitz
Notary Public in the State of Iowa

DATE: April 1, 2026
TO: Cerro Gordo County Board of Supervisors
CC: Michelle Rush, Assistant Zoning Administrator, Cerro Gordo County
FROM: Lauren Hunt, Cerro Gordo County Department of Public Health
SUBJECT: Manure Management Plan for C.B. Neel & Sons (Dad's Site)

This report is to make you aware of concerns regarding a Manure Management Plan Annual Update received by this office from **C.B. Neel & Sons (Dad's Site)** swine operation. This report is being submitted according to Resolution 2003-123 **A Resolution Adopting Policy for the Receipt, Review and Comment on Manure Management Plans Received by the Cerro Gordo County Board of Supervisors**. Within seven (7) days of receipt of the manure management plan the Environmental Service Manager shall review the Manure Management Plan and prepare a report to the Board of Supervisors detailing the issues to forward to the Iowa Department of Natural Resources.

The confinement unit is located at **24439 Lark Avenue in Section 1 of Lincoln Township**. The hog population at the site is 2,490 or 996 AU which will produce 624,156 gallons of manure annually which will be stored in below building pits and opened formed structures. There are fourteen fields totaling 863.4 acres used for manure applications. Four of the fields are in Worth County. The other ten fields are in Sections 4 and 9 of Lime Creek Township and Sections 1, 2, and 12 of Lincoln Township. The ten Cerro Gordo County fields account for 477.4 of the acres. **The fields on which manure will be applied are unchanged compared to the previous plan.** The update indicates a change of crop rotation or optimum yields and manure analysis from the previous plan. My concerns listed below will focus on the impact to Cerro Gordo County:

- Wharam Creek and its flood plain abut the field in Section 12 of Lincoln Township.
- Blair Creek and Spring Creek and their flood plains intersect the manure application area in Sections 4 and 9 of Lime Creek Township.
- There is a waterway which is a tributary of Wharam Creek that cuts through the manure application area in Section 1 of Lincoln Township and is adjacent to the manure application area in Section 12 of Lincoln Township.
- King Fisher Hollow public use area is about 1¾ miles from the application area.
- Freeman Preserve is about 1¾ miles from the manure application area.
- Bruns and Country Estate Additions are about one mile from the manure application area.
- Pine Creek Golf Course is about ¾ mile from the manure application area.
- Lime Creek Conservation Area and Spring Creek Preserve are about 2¾ miles from the manure application area.
- Winnebago Heights is about 2¾ miles from the manure application area.
- The same fields are used for C.B. Neel & Sons (Home Site).

If you have any questions regarding this information, feel free to contact this office at (641) 421-9306 or lhunt@cghealth.com.
