

CERRO GORDO COUNTY
APPLICATION FOR NEW UTILITY CONSTRUCTION
ON SECONDARY HIGHWAY RIGHT-OF-WAY

_____, (Company) incorporated under the laws of the State of Iowa, does hereby make application requesting permission to occupy certain portions of public right-of-way for construction of a new utility as described below. (Show service area boundary or actual destination and origin description.):

IT IS AGREED:

1. The applicant will file a set of plans which include plan and profile of the proposed utility. Said plan is hereby made a part of this agreement.
2. The applicant will bear all cost of this installation and any subsequent maintenance.
3. The applicant will, at any time subsequent to the installation, remove or relocate any utility as may become necessary to conform to new grades, alignment or widening of right-of-way resulting from maintenance or construction operation for highway improvements. The applicant further agrees to perform this operation promptly upon written notice by the County without cost to the County. If the applicant fails or is unable to comply promptly, the County may cause the work to be performed and cost of such work will be paid by the applicant upon receipt of statement.
4. The applicant shall have the right to cross adjacent secondary roads for the purpose of serving customers of the applicant located near or adjacent to the said secondary roads.
5. The applicant shall return the entire disturbed roadway to its original condition. In the event the County repairs any damage caused by the applicant; the applicant shall reimburse the County.
6. The applicant shall construct and maintain the utility or services in such a way that they will not interfere with public travel on secondary roads and the applicant shall take all necessary precautions to protect and safeguard the lives and property of the traveling public and adjacent property owners.
7. The applicant shall indemnify and hold the County harmless for any and all damages, loss and expense, including judgments, costs, and attorneys' fees for personal injury, death, or property damage resulting from the construction, operation, or maintenance of such utility or services.
8. This permit shall be subject to any State and Federal laws now in effect or which may hereafter be enacted.
9. The vertical clearance of all overhead wires shall comply with the applicable National Safety Code.

10. All underground cable, conduit, tile line and pipe crossings on hard surfaced secondary roads shall be made by means of jacking or boring.
11. The County, and its agents, will endeavor to give applicant sufficient notice of road work being done in the area of applicant's construction, but assumes no liability for failure to give such notice or for damages done to applicant's property in carrying out road maintenance or construction functions.
12. Applicant agrees to place all facilities in accord with the attached plans or approved alternate.
